

Jira Align Enterprise Success Package

Best-in-class service for the agile enterprise

Dedicated support and guidance for your Jira Align adoption success

When your business outcomes depend on evolving the agile delivery practices and tools used to bring your products and programs to market, the successful use of Jira Align throughout your organization becomes mission critical.

With the Jira Align Enterprise Success Package, you get a dedicated Jira Align Technical Account Manager (TAM) for direct vendor guidance, insight, and access. You also get enhanced support coverage with Jira Align Premier Support to ensure you have the most responsive support experience during critical incidents.

Jira Align TAMs serve as cross-functional advisors on both practices and technology, who provide proactive planning and strategic guidance for your organization's understanding and adoption of best practices with Jira Align as you grow.

Jira Align Premier Support provides direct access to a dedicated global team of Senior Support Engineers who are committed to delivering higher SLAs, faster triage, and faster resolutions for technical support issues.

Jira Align Technical Account Management benefits:
