User
Conference
2019

Thursday & Friday
12-13 September 2019
Sydney, NSW

What is the Noggin User Conference?

A two-day Noggin event designed to bring together a global base of more than 500 existing and prospective Noggin customers for a comprehensive discussion of industry insights, best practices, and compliance drivers, as well as success stories.

What You'll See & Hear at the UC:

- Success stories from Noggin customers around the globe on how they've implemented Noggin to overcome key resilience challenges
- Panels & discussions on key industry trends, topics, and change drivers
- Detailed demonstration of Noggin's solutions for Crisis, Emergency, Safety, Security, and Business Continuity
- A Gala Dinner & Awards Ceremony* celebrating the best innovations in enterprise resilience
- A dedicated Partner Track with exclusive sessions for Noggin partners

*Additional fee of \$125AUD per person

The Noggin UC Partner Track

We're hosting a dedicated Partner Track at the Noggin UC to provide added value to our Partners.

The Partner Track contains exclusive sessions for partners designed to help you understand the value of partnering with Noggin and how you can achieve better business objectives as a result.

Here's What You'll See & Hear in the UC Partner Track:

- Take a detailed look at the Partner Program at Noggin and how your company can benefit
- Learn how to leverage Noggin and unlock service capabilities to increase revenue for your company
- Hear success stories from existing Noggin partners and learn how they've leveraged the Partner Program to achieve better business outcomes for themselves and their customers
- Meet and network with peers in the consultant space in risk, crisis, business continuity, and incident management

Exclusive Registration Bundle for Partners

We've designed an exclusive ticket bundle for Partners that will enable you to bring your customers along to get a better understanding of the value of Noggin. The ticket bundle includes 1x Partner Ticket and 2x complimentary Partner Customer tickets you can share with your clients.
