Company Focus & Capabilities

Our Focus and Capabilities

EXCEL FLUID GROUP designs, manufactures, installs and maintains water and wastewater pump stations (i.e. infrastructure) for municipal, industrial and commercial applications. We represent numerous pump manufacturers and have 25+ years of industry experience to ensure the correct products are selected for each application. Our goal on every project is to offer exceptional value, reduce installation costs, eliminate typical field installation hassles and reduce long-term service costs for the end user.

Client Resources

- ~ Pump Station Design & Application Assistance
- ~ Engineering Support
- ~ Budget Proposals
- ~ EPA "Permit-to-Install" Assistance
- ~ After Sales Service
- ~ Equipment Start-Up & Product Training

Geographic Focus

Based in Cleveland Ohio, we work with Design Engineers, Developers, Municipalities and Contractors in the Great Lakes and mid-Atlantic regions.

In-house Facilities

We provide all services in-house including, design selection, project management, drafting, stock holding, manufacturing, performance testing to relevant standards and a service team; EXCEL FLUID GROUP has total control over production procedures ensuring quality standards and project time frames are met.

Key Support Personnel

In-house experience 'know how' and technical knowledge provides a source of invaluable advice to clients to ensure the smooth running of any project.

About Us

EXCEL FLUID GROUP is a proven industry resource for turn-key pump stations or custom package pump solutions. We are committed to providing solutions that reduce total installation costs and provide industry leading safety features for maintenance personnel.

By working with us you benefit from:

- ~ Our local experience and knowledge
- ~ Our commitment to cost-effective and efficient solutions
- ~ Our extensive product range and technical services
- ~ Our knowledgeable personnel who deliver excellent customer service
- ~ Our focus on environment and sustainability
- ~ Single source responsibility for complete projects which reduces vendor management
- ~ Reduced project risk and job site hazards for installation contractor

EXCEL FLUID GROUP has provided water and wastewater solutions for a wide range of clients, including the following:

Aqua Water	Honda America
Chevron Phillips	Joint Base Andrews, MD
Chicago Bridge & Iron (CB&I)	Maryland Dept. of Transportation
Cleveland Clinic Cleveland	Michigan Dept. of Transportation
Metroparks	MWH Constructors
First Energy	Northeast Ohio Regional Sewer District (NEORS)
Ford Motor Company	Ohio Dept. of Natural Resources
Fort Belvoir, VA	Ohio Dept. of Transportation
Fort Meade, MD	Pennsylvania Dept. of Transportation
General Motors	PPG Paints
American States Utility Services	Proctor & Gamble
National Park Services	US Army Corp of Engineers
Dragados USA	US Coast Guard

What We Do

EXCEL FLUID GROUP offers a wide range of products and services to the municipal, industrial and commercial sectors, covering all applications in fluid transfer of sanitary wastewater, storm water, industrial wastewater and potable water to ensure you receive the solutions you need.

Municipal

- ~ Sanitary Collection System Pump Stations
- ~ Storm Water Pump Stations
- ~ CSO Tanks and Pump Systems
- ~ Pressure Sewer Systems
- ~ Potable Water Booster Stations
- ~ Wastewater Treatment Plant Pump Stations (Influent, RAS, WAS or Effluent)
- ~ Control Panel Equipment & Communication Systems
- ~ Process Sludge Grinder Package Systems

Industrial

- ~ Process Waste Pump Stations
- ~ Potable Water Booster Stations
- ~ Control Panel Equipment & Communication Systems
- ~ Surface Water Pump Stations
- ~ Leachate Pump Stations
- ~ Process Sludge Grinder Package Systems

Commercial

- ~ Sanitary Wastewater Pump Stations
- ~ Storm Water Retention Tanks and Pump Stations
- ~ Rain Water Harvesting Pump Systems
- ~ Potable Water Booster Stations
- ~ Control Panel Equipment & Communication Systems
- ~ Oil/Water Separators and Grease Trap Package Systems
- ~ Septic System Pump Stations
- ~ Process Sludge Grinder Package Systems

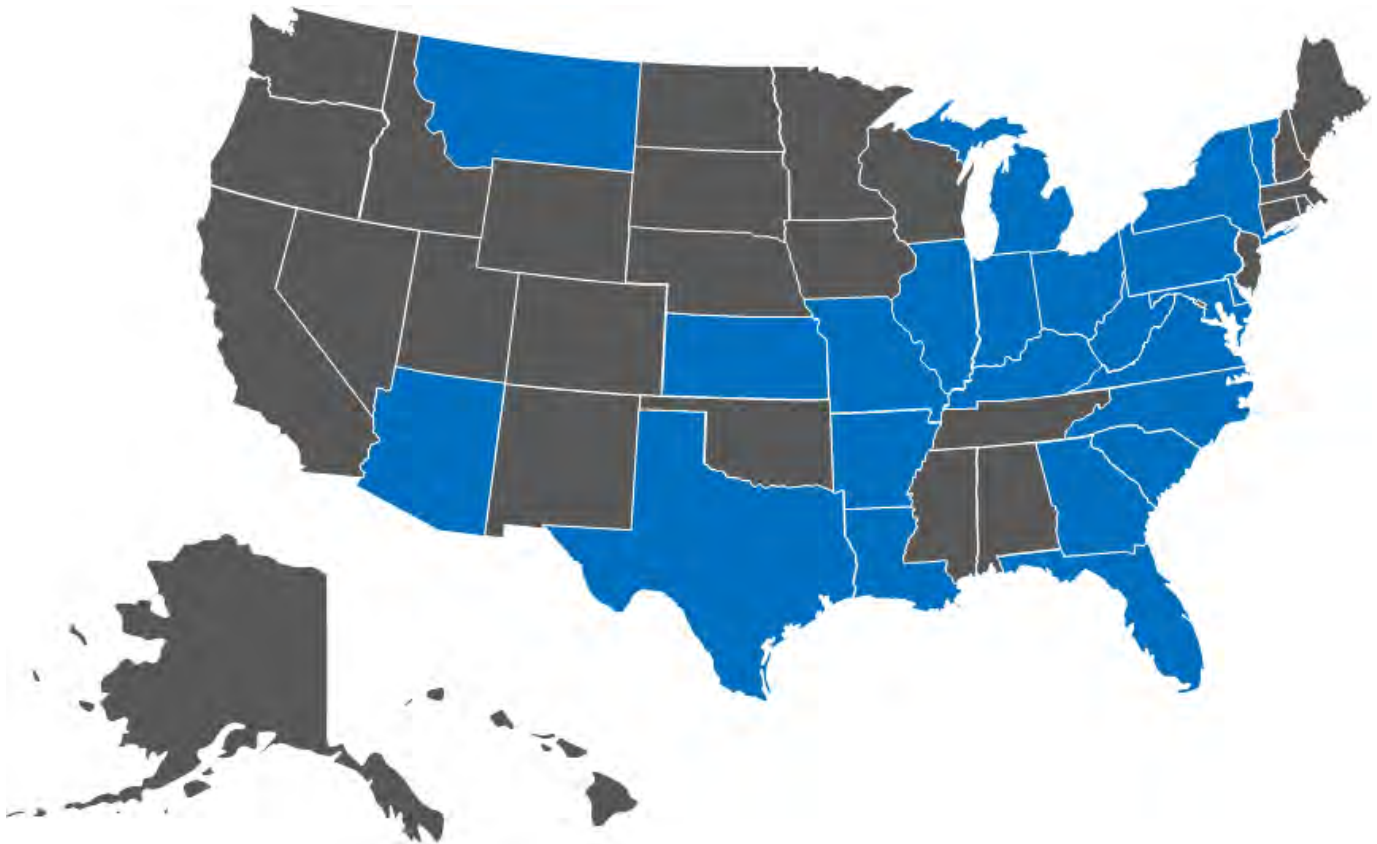

Our Project Approach

- 1 Application Review
- 2 Design & Engineering Support
- 3 Manufacture
- 4 Installation Assistance
- 5 Equipment Startup & Training
- 6 On-Going Service & Support

Where We Have Worked

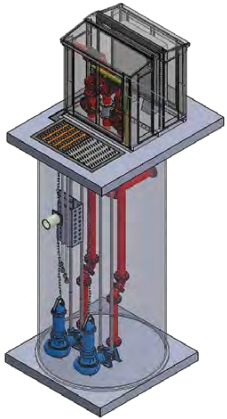

EXCEL FLUID GROUP has pump stations installed in the following states. (Shown in Blue)

EXCEL FLUID GROUP has provided water & wastewater solutions to the following countries.

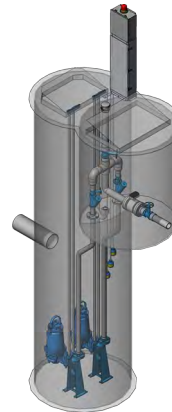

- ~Canada
- ~Mexico
- ~Australia
- ~United Kingdom
- ~China
- ~Brazil
- ~Saudi Arabia
- ~New Zealand
- ~Puerto Rico
- ~Barbados
- ~Jamaica
- ~Netherlands
- ~Virgin Islands

Packaged Pump Stations

EX-ALNV3 Pump Station

- Turn-Key No-Vault Pump Station
- ~Aluminum Enclosure
- ~Arc-Sentry Control Panel
- ~Eliminates Confined Space Entry
- ~Up to 10" Piping
- ~Simplex-Quadraplex Configurations
- ~Factory Pre-Assembled & Tested
- ~Optional Exterior Aesthetics
- ~HDPE, Concrete or Fiberglass Wet Well

EX-FGIV Pump Station

- Turn-Key Fiberglass Pump Station
- ~Integrated Valve Vault
- ~H2S Resistant
- ~Eliminates Differential Settling
- ~Reduced Excavation Size
- ~Factory Pre-Assembled & Tested
- ~Reduced Maintenance Costs
- ~Optional H2O Rated Hatches

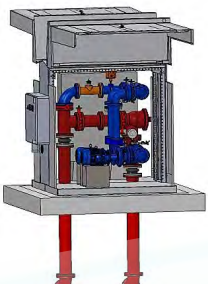

EX-ALNV2 Pump Station

- Turn-Key No-Vault Pump Station
- ~Aluminum Enclosure
- ~Arc-Sentry Control Panel
- ~Eliminates Confined Space Entry
- ~Up to 4" Piping
- ~ Simplex & Duplex Configurations
- ~Factory Pre-Assembled & Tested
- ~Optional Exterior Aesthetics
- ~HDPE, Concrete or Fiberglass Wet Well

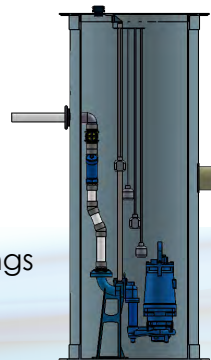

EX-FGSAD Pump Station

- Turn-Key Fiberglass Pump Station
- ~H2S Resistant
- ~Reduced Excavation Size
- ~Factory Pre-Assembled & Tested
- ~Reduced Maintenance Costs
- ~Optional H2O Rated Hatches

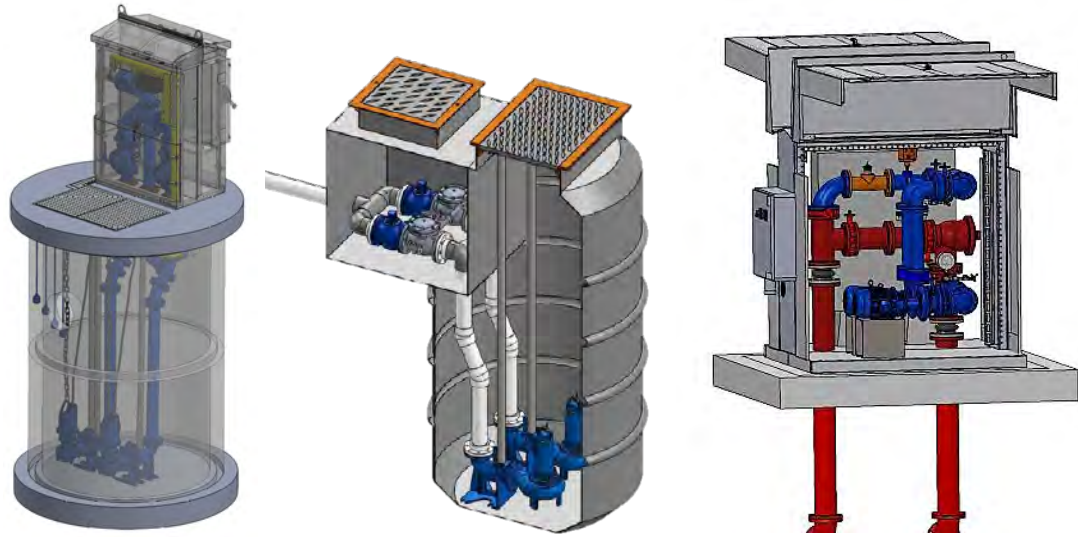

EX-ALWB Pump Station

- Turn-Key Water Booster Pump Station
- ~Aluminum Enclosure
- ~Complete Electrical Control Panel
- ~Simplex-Quadraplex Configurations
- ~Factory Pre-Assembled & Tested
- ~Optional Precast or Fiberglass Buildings

EX-FGSAS Pump Station

- Turn-Key Fiberglass Pump Station
- ~H2S Resistant
- ~Reduced Excavation Size
- ~Factory Pre-Assembled & Tested
- ~Reduced Maintenance Costs
- ~Optional H2O Rated Hatches
