

CDMG
BUILDING SYSTEMS

INDUSTRIAL STRENGTH TAILORED TO YOUR NEEDS

Your building is a major investment. At CDMG, we follow the Nucor FOCUS (**F**its, **O**n-time delivery, **C**ompetitive pricing, **U**nbeatable service, **S**olutions that work). That's exactly what you get every time you choose CDMG as your authorized NUCOR BUILDER. We have the experience you can build on.

**THE SERVICES YOU NEED.
THE RESOURCES TO
SEE IT THROUGH.**

Working with CDMG for your next pre-engineered steel building project, you can be sure your needs and budget will drive all aspects of the process. The result will be a quality facility that has been carefully tailored with modern features that will deliver long-lasting performance and value. No matter what the project, CDMG's full service portfolio, project management, engineering, and installation resources will meet your requirements.

Your toughest job is our specialty.

CDMG builds all industrial buildings to meet local codes, but that's just the beginning of our dedication to you. We make sure our buildings exceed basic standards by also meeting the requirements of MBMA and IAS. Our expertise truly works for you with more complicated projects including buildings with overhead cranes. It's your reassurance that your project can take the accelerated wear and tear that every building faces.
