Heather Roesink
8746 E 35th Ave

Heather has been a resident of Stapleton since July 2008 and currently resides in her second Stapleton home in Central Park North. Heather relocated to Stapleton with her husband and two step-daughters for the community, great schools, open spaces and for the proximity to downtown Denver. Stapleton is a great neighborhood to raise our growing family which now includes an energetic toddler. Heather's professional background includes a Bachelor of Science in Land Use and she worked at Noble Energy in downtown Denver managing their GIS department. Heather is now self-employed so that she can manage the house, kids needs and volunteer in the community.

I have had my own law practice for the last 17 years. I have two children.

My wife and I emigrated to Denver from the UK in 2001 and have lived in Stapleton since May 2003 and have seen it grow as initially envisioned. We moved to Central Park North in 2008 and have two daughters that are 15 and 11. We have enjoyed how Stapleton has always put community first and thinks about all residents ensuring there is something for everyone. As a family we feel incredibly fortunate to call Stapleton our home and I want to offer my time to ensure others feel the same. Coming from overseas I hope to offer a different perspective to ideas that are presented as our community continues to evolve.

Frank Casabianca
3353 Wabash Street

As a Stapleton resident and stay-at-home dad of three since 2014, I have a great appreciation for our community and everything Stapleton offers. My family regularly enjoys Stapleton's best: parks, events, pools, schools, shopping, etc. Serving as a delegate is an excellent opportunity to help ensure that these benefits and future community plans continue to meet the priorities of our district residents and keep Stapleton a wonderful place to live.

I was born and raised in Denver. I have lived in Stapleton for the past 5 years on both the north and south side. I am an active community member who loves taking my family to all the fun and exciting events our community has to offer. I have two kids, a 3-year-old and a 1-year old that will continue to grow up in this community. I believe that I can be an active ear for our community and help in maintaining our safe and fun neighborhood for our kids to thrive in.

I wanted to get more involved in the community along with my neighborhood and thought this would be a great opportunity to help give back to District 9. As an architect, I feel like I could use my experience and my educational background to assist in community decision making that would benefit the neighborhood and District 9. I'm looking forward to this opportunity.

My wife Dani, daughter Blake, and dog Sam have just recently moved to Beeler Park. As our daughter is only 1.5 we are so excited to be living in a family-friendly and community-oriented neighborhood. In the past, I have served on other Home Owner Associations and a general member and most recently as President. We can't wait for our neighborhood to fill in and to make great friends. I am looking forward to learning more about our growing community and will definitely be using my HOA experience to help lead us in the right direction. Go Broncos
