## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Master Community Association, Inc.:

To the Board of Directors of Master Community Association, Inc.

We have audited the accompanying financial statements of Master Community Association, Inc., which comprise the balance sheets as of December 31, 2014, and the related statements of revenues, expenses, and changes in fund balances and cash flows for the year then ended, and the related notes to the financial statements. Information for the year ended December 31, 2013 is presented for comparative purposes only and was extracted from the financial statements presented by fund for that year on which we expressed an unmodified opinion in our report dated August 26<sup>th</sup> 2014.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Master Community Association, Inc. as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

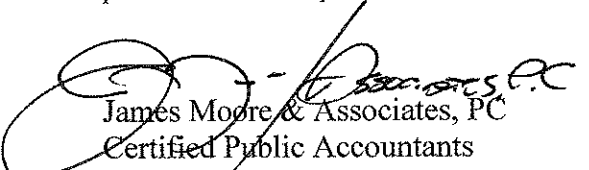

## INDEPENDENT AUDITOR'S REPORT - continued

### *Report on Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Operating Fund Expenses, Budget and Actual on page 10 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of the Association's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### *Disclaimer of Opinion on Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Supplementary Information on Future Major Repairs and Replacements on page 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Master Community Association, Inc.

## Notes to Financial Statements

### December 31, 2014

#### Note 1 - Nature of Organization

Master Community Association, Inc. (the Association) was incorporated on September 25, 2001, in the State of Colorado. The development is located within the former Stapleton International Airport site in Denver, Colorado. The development is planned for approximately 15,000 units, of which 8,000 will be individually owned residential units, 4,000 unit equivalents will be multi-family residential rentals, and 3,000 unit equivalents will be commercial, industrial, office, or recreation use. As of December 31, 2014, approximately 5,820 residential units had been sold to homeowners

#### Note 2 - Summary of Significant Accounting Policies

##### Basis of Accounting

Both the accompanying financial statements and related income tax returns have been prepared in accordance with the accrual method of accounting.

##### Fund Accounting

The Association's governing documents provide certain guidelines for governing its financial activities. To ensure observance of limitations and restrictions on the use of financial resources, the Association maintains its accounts using fund accounting. Financial resources are classified for accounting and reporting purposes in the following funds established according to their nature and purpose:

Operating Fund- This fund is used to account for financial resources available for the general operations of the Association.

Replacement Fund- This fund is used to accumulate financial resources designated for future major repairs and replacements.

Community Fund - This fund is used to accumulate financial resources designated for achieving objectives of the Development Plan. See Note 5 for additional information.

##### Cash and Cash Equivalents

The Association considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

##### Assessments Receivable

Assessments are stated on the balance sheet at face value. The Association's policy is to retain legal counsel and place liens on the properties of homeowners whose assessments are delinquent.

##### Recognition of Assets and Depreciation Policy

Real and personal common property acquired by the original unit owners from the developer, as well as replacements and improvements thereto, is not recognized on the Association's financial statements because it is commonly owned by individual owners and its disposition by the Association's board is restricted. Replacements and improvements to common property are not recognized as assets because their disposition is restricted.

**Master Community Association, Inc.**  
**Notes to Financial Statements**  
**December 31, 2014**

Depreciation

Leasehold improvements for the Association's office of operations is depreciated over 10 years using the straight-line method. The Association's furniture, fixtures, and equipment is depreciated over 7 to 10 years using the straight-line method.

Working Capital Reserves

Working capital deposits collected from homeowners at the initial closing of each lot, as required by the Declarations, have been recorded as contributed capital of the operating fund.

Member Assessments

Association members are subject to regular assessment to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. Owners' assessments are determined by an annual budget approved by the board to meet operating costs and contribute to the replacement fund. Assessments receivable at the balance sheet date represent fees due from unit owners. Any excess assessments at year end are retained by the Association for use in the succeeding year.

For the year ended December 31, 2014, owners were assessed from \$24 to \$40 per month.

Interest Income

Interest income is allocated to the operating and replacement fund in proportion to the interest-bearing deposits of each fund.

Income Taxes

Homeowners associations may be taxed either as homeowners associations or as regular corporations. The Association expects to file its December 31, 2014 income tax returns, as an exempt organization using Form 990.

As of December 31, 2014, the tax years that remain subject to examination by taxing authorities begin with 2011 for federal and 2010 for Colorado.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Master Community Association, Inc.**  
**Notes to Financial Statements**  
**December 31, 2014**

**Note 3 - Property and Equipment**

Property and equipment consist of the following:

Lease hold improvement – MCA office	\$ 124,373
Furniture and equipment	246,475
Training equipment	3,891
Truck	72,272
Pool facility	20,020
	<u>467,031</u>
Accumulated depreciation	<u>(107,113)</u>
	<u>\$ 359,918</u>

**Note 4 - Future Major Repairs and Replacements**

The Association's governing documents require funds to be accumulated for future major repairs and replacements. Accumulated funds, which aggregated \$1,493,071, are held in separate accounts and are generally not available for operating purposes.

Management of the Association conducted a study to estimate the remaining useful lives and the replacement costs of the common area components. The Association is funding for such major repairs and replacements over the estimated useful lives of the components based on the study's estimates of current replacement costs, considering amounts previously accumulated in the replacement fund. Actual expenditures, however, may vary from the estimated amounts and the variations may be material. Therefore, amounts accumulated in the replacement fund may not be adequate to meet future needs. If additional funds are needed, however, the Association has the right, subject to member approval, to increase regular assessments or levy special assessments, or it may delay major repairs and replacements until funds are available.

**Note 5 – Community Fee Assessments**

Upon the transfer of a unit within the Association, Section 6.12 of the First Amended and Restated Community Declaration requires a Community Fee to be paid by the seller. The purpose of the Community Fee is to provide funding to help achieve the objectives of the Development Plan. The objectives of the Development Plan are: providing affordable housing, increasing availability of jobs training programs, increasing the availability of educational programs, promoting sustainable development, and creating open space.

The Community Fee is calculated by multiplying the selling price in excess of \$100,000 by 0.25%. Such Community Fee is to be deposited into an escrow account. On a quarterly basis, the escrow holder is to transfer 95% of the Community Fee collected to the Community Investment Fund, a separate legal entity, and 5% of the Community Fee collected to the Association. Accordingly, only the Association's 5% of the Community Fee is reflected as Community Fee income in the Association's financial statement and is maintained as a separate fund.

**Master Community Association, Inc.**  
**Notes to Financial Statements**  
**December 31, 2014**

**Note 6 – PCMD – Park Creek Metropolitan District**

The Association has entered into a contract with the Park Creek Metropolitan District (“PCMD”) for the grounds maintenance of PCMD parks property. PCMD has agreed to reimburse the Association for all expenditures incurred on PCMD property.

**Note 7 – Office, Community Room and Storage Lease**

On November 18<sup>th</sup> 2014 the Association leased office, community room, and storage space from the Declarant (Forest City) under a 6 years and one month lease. The lease calls for annual base rent of \$235,634, \$237,799, \$239,965, \$242,131, \$244,297 and \$248,628 in first through sixth of the lease years, respectively.

**Note 8 - Contingencies**

The Association is a party to various legal actions normally associated with homeowners associations, such as the collection of delinquent assessments and covenant compliance matters, the aggregate effect of which, in management’s opinion, would not be material to the future financial condition of the Association.

**Note 9 - Supplemental Disclosures**

During the year ended December 31, 2014 , the Association paid \$0 in interest expense and \$0, in income taxes.

**Note 10 – Pools management**

During 2009 the Association took over direct management of the Association’s swimming pools. Prior to 2009 pool management was contracted with an outside service provider. During the year ended December 31, 2014 the association received \$645,502 in pool revenue.

**Note 11 – Credit to Parkside Apartments**

On December 2014 the Board of Directors agreed to credit back a portion of assessments totaling \$14,688 to Parkside Apartments. This is with the purpose of helping Parkside Apartments do some important repairs in their building. There is a possibility the HOA will provide another credit in 2015.

**Note 12 – Date of Management’s Review**

In preparing the financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through August 18, 2015, the date that the financial statements were available to be issued.

**Community Profile:**

Stapleton MCA is a master planned community built in 2003. Common areas include but are not limited to; , pool areas, asphalt parking lots, fencing, playground and park areas and common area landscaping.

For budgeting purposes, unless otherwise indicated, we have used January 2003 as the average placed-in-service date for aging the original components included in this analysis.

ARS site inspection conducted: August 18, 2013 through August 30, 2013.

**Adequacy of Reserves as of January 1, 2014:**

Anticipated Reserve Balance	<b>\$1,300,000.00</b>
Theoretically Ideal Reserve Balance	<b>\$941,858.43</b>
Percent Funded	<b>138.02%</b>

<b>Recommended Funding for the 2014 Fiscal Year:</b>	<b>Annual</b>	<b>Monthly</b>	<b>Per Unit Per Month</b>
Member Contribution	<b>\$198,182</b>	<b>\$16,515.18</b>	<b>\$3.30</b>
Interest Contribution	<b>\$12,193</b>	<b>\$1,016.11</b>	<b>\$0.20</b>
Total Contribution	<b>\$210,375</b>	<b>\$17,531.29</b>	<b>\$3.51</b>
