HOW IT WORKS

1

FREE WEB CAPTEL SERVICE
Read word-for-word captions on your device. Make or receive calls at PORTAL.SPRINTCAPTEL.COM

2

FREE SPRINT IP RELAY SERVICE
Your communication assistant (CA) relays your conversation just like they would using traditional TDD/TTY relay equipment.
Smartphone users download the FREE Sprint Mobile IP Relay app.  

3

FREE VIDEO RELAY SERVICE (VRS)
Your video interpreter (VI) uses a webcam or video-phone to voice your signs to a hearing person, and then signs the hearing person's words back to you. Find a provider near you at FCC.GOV/GENERAL/INTERNET-BASED-TRS-PROVIDERS
