

AW AGILITYWORKS FLEX

THE MODERN APPROACH TO SAP SUPPORT

An agile service designed to provide a flexible, affordable alternative to traditional support models with innovation built-in as standard

Many SAP Application Support models are not designed for the era of digital applications and hybrid architecture, which is why we decided it needed a fresh approach.

With AgilityWorks Flex, we've designed the most forward thinking support model available today, built to handle the most complex of user issues, whilst providing you with a bespoke, cost effective service with high levels of engagement, ongoing roadmap planning and annual cost reduction commitments.

Here are a few reasons why you should consider AgilityWorks Flex:

ON THE GO

Create and track incidents on the go with our Service Desk App with other innovative user tools included

ADD-ONS

We offer a number of extra services that can be added at anytime to meet the evolving needs of your business

CONTRACT FLEXIBILITY

Contract commitment options, and the ability to change your requirements at the end of year 1

TRY BEFORE YOU BUY

Get to know us before you make a commitment, with choices for trial work to gain confidence in our abilities

PRICE SAVINGS

Our average support customer **saves up to 25%** on their annual UK support costs through the combination of our nearshore and onshore SAP delivery centres
