

middle eastern grazing table

WORDS CAN NOT EXPRESS
HUMMUS I LOVE YOU

At Dan the Man, we believe there is an inextricable link between the way produce is cultivated and treated, and the way it tastes on your plate. As such, we endeavour to source our produce locally, from farmers who raise their livestock on pastures, and minimise their use of chemicals and pesticides.

We're also on a mission to be the first event catering company in Australia to create zero waste events.

I HAVE FILLINGS FOR YOU
