

Protect Your Generator & Site

A HazMat solution will safeguard equipment & prevent spills

Easi-Set Buildings has been offering hazmat storage solutions for years. Raised grated floors contain spills (meeting EPA containment codes) and prevent water intrusion. They are designed to provide decades of protection.

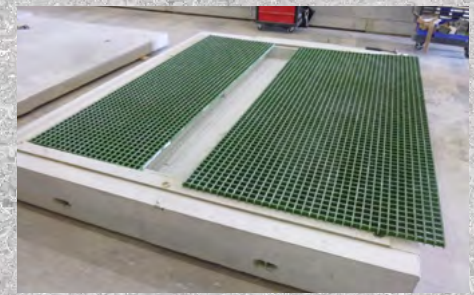

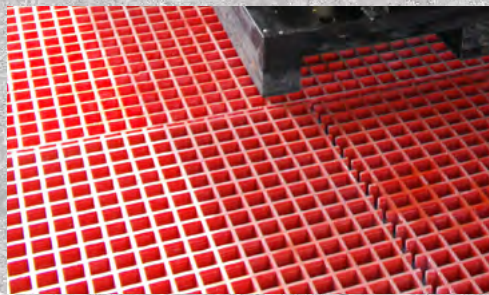

- Non-corrosive, skid resistant clean-out floor grating available
- Double steel doors with labeled 1.0 hour fire rating (*higher ratings available*), or roll up overhead door
- Larger secondary/tertiary spill containment sump available

Pre-Engineered • Minimal Site Preparation • Delivered To Site Ready To Use • Maintenance Free • Durable • Sustainable

Benefits:

- Meets all current building codes
- Thousands of successful projects by local producers
- Designs engineered for your exact applications
- Vandal and storm resistant, ballistics rated to UL752, L5 (higher levels available)
- Offering complete outfitting and turnkey installation

AVAILABLE OPTIONS:

- Wide range of Textures/Finishes/Colors
- Optional Roof Styles
- Special Openings
- Lighting and Electrical Packages
- Custom Accessories
- Sound Attenuation
- Standard 165mph wind loads, higher available
