P-touch EDGE® Labeling Solutions

Easy to Use, Industrial Labeling Solutions for Professionals
Data Communication   Security   Electrical   Audio Visual   Maintenance, Repair, Operations

The easy-to-use professional labeling solutions

When we designed the P-touch EDGE® family of labelers we let labeling pros guide us. They told us how people marking wires, cables, fiber, panels and more every day actually worked. How their crews operated. What features would make projects go faster and more efficiently.

And also how nobody wants to read a manual. Especially on a job site.

So we built in the features pros wanted. Then we made it very easy to get to – and use – those features by practically anyone, even someone added to your crew today, without ever reading a manual.

That's the whole point of the P-touch EDGE® line of labelers.

You shouldn't have to read a manual to make the labels you need. And with P-touch EDGE® labelers, you don't. Clearly labeled application keys, intuitive menus, and on-screen prompts on our handheld models allow practically anyone to make professional labels in seconds.

Try our free mobile apps available on iOS and Android, making printing labels easy.

A simpler way to professionally mark your work

All P-touch EDGE® handheld labeling systems offer a variety of features to make onsite labeling easier, faster, and more efficient.

These include:

- **Label application keys** for preformatted templates of the labels you need most often. Pick an application, follow the onscreen prompts, enter your text, print and cut. There's no guesswork.
- **Store common labels into memory** for quick recall.
- **Auto tape sensing** so your EDGE® labeler always knows what size tape you have in.
- **Auto type sizing** to automatically adjust your type size to fit the tape size.
- **Graphical LCD display** to preview your label before you print.
- **Vertical and rotated printing** whenever you need these.
- **Repeat printing** for multiple copies.
- **Automatic serialization** to minimize keystrokes and repetitive tasks.
- **Built-in datacom and industrial symbols** to add to your labels.
- **Built-in tape cutter** for labels with crisp, clean cuts.
- **Easy-swap drop-in tape cassettes** so you easily change label colors, sizes and adhesive types in seconds.

PT-E110 – Industrial Handheld Labeling Tool
For every member of your crew

5 QUICK APPLICATION KEYS

PT-E110 for labels up to 12mm wide

2-Year Exchange Warranty

- Cable Wrap
- Cable Flag
- Faceplate
- Serialize

The PT-E110 helps simplify the process of marking wires, cables and faceplates, outlet covers and more with its built-in label application keys and intuitive navigation. These make it easy for practically anyone to produce durable, laminated professional multiline labels up to 12mm with text and symbols in seconds. And at its price you can afford to equip every member of your crews with a PT-E110 labeler.

PT-E300 – Advanced Industrial Handheld Labeling Tool
Bigger labels and more features for bigger projects

8 QUICK APPLICATION KEYS

PT-E300 for labels up to 18mm wide

2-Year Exchange Warranty

- Cable Wrap/ Heat Shrink
- Cable Flag
- Faceplate
- Serialize
- Patch Panel
- Punch Block
- Barcode
- Adv. Serialize

The PT-E300 adds more label application keys, more professional labeling features, and a backlit graphical LCD display. Its large, comfortable QWERTY keyboard makes data entry as easy as sending a text message. It also includes over 300 built-in industrial symbols and nine barcode symbologies you can use on laminated labels and heat shrink tube up to 18mm wide.

P-touch EDGE® models

PT-E500 – Professional Industrial Handheld Labeling Tool
Larger labels, PC connectivity and auto cutter for higher productivity and efficiency

10 QUICK APPLICATION KEYS

PT-E500 for labels up to 24mm wide

2 YEAR 2-Year Exchange Warranty

- Cable Wrap/ Heat Shrink
- Cable Flag
- Faceplate
- Serialize
- Patch Panel
- Punch Block
- Barcode
- Adv. Serialize
- Database
- Symbol

The PT-E500 steps up professional features by adding PC connectivity, an auto cutter, and the ability to produce durable laminated labels and heat shrink tube up to 24mm wide, making it ideal for more complex projects like data centers. With the PT-E500, you can produce labels and tube with more information plus symbols and barcodes using the built-in preformatted label templates, or from custom designed label templates, linked to common databases downloaded from a PC to help minimize keystrokes and human error.

PT-P750WVP – Industrial wireless label printer with Wi-Fi®, AirPrint™, NFC connectivity, and auto cutter

PT-P750WVP for labels up to 24mm wide

2 YEAR 2-Year Exchange Warranty

- Cable Wrap/ Heat Shrink
- Cable Flag
- Faceplate
- Serialize
- Patch Panel
- Punch Block
- Barcode
- Adv. Serialize
- Database
- Symbol

The PT-P750WVP portable industrial label printer features a wireless[3] interface to print wider labels and heat shrink tube using a database on a computer, iOS®/Android™ smartphone** or tablet**. NFC interface helps simplify Wi-Fi® setup. Innovative auto cutter produces strip of easy to peel labels for cables/fiber/wire, patch panels and faceplates.

PT-E550w – Wireless Industrial Handheld Labeling Solution
Larger labels, with wireless connectivity and auto label strip cutter for versatility and work flow integration

10 QUICK APPLICATION KEYS

PT-E550W for labels up to 24mm wide

2 YEAR 2-Year Exchange Warranty

- Cable Wrap/ Heat Shrink
- Cable Flag
- Faceplate
- Serialize
- Patch Panel
- Punch Block
- Barcode
- Adv. Serialize
- Database
- Symbol

As an alternative for preprinting sheets of self-laminating labels the PT-E550w prints individual and strips of laminated labels on the jobsite as needed. This can help eliminate the need to sort through sheets of labels and reprinting labels, and offers a labeling solution for making as-built project changes and handling other job-site issues. Now you can send a database or label design to a computer, smartphone or tablet on the jobsite and wirelessly print to, or transfer the project into, the PT-E550w and print when needed.

Brother Apps available on iOS and Android that making printing labels easy.

Cable Label Tool
Customizable templates, label creation, wireless printing

Transfer Express
House and transfer database files on demand

iPrint & Label
Create new, customizable templates, label creation, wireless printing

LabelLink
Download information from Fluke Networks LinkWareLive and transfer to PT-E550W

Available on the App Store
