**100%**  
TESTED

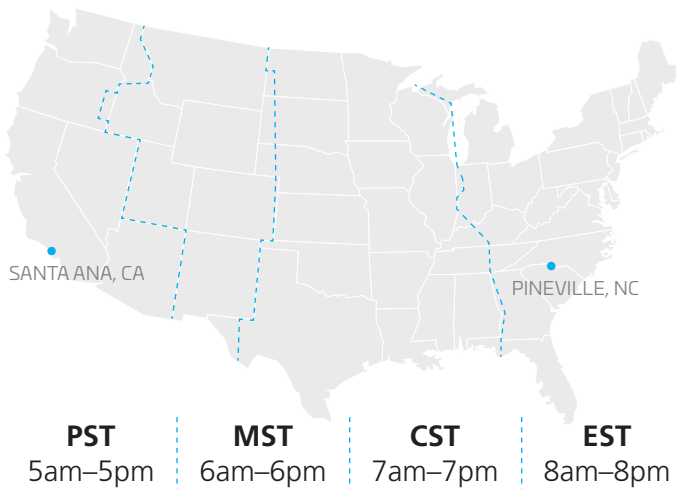

Our on-demand cable assemblies are 100% tested to ensure that they meet or exceed industry standards. We use the latest test equipment to make sure you receive reliable products to keep your network safe, secure and solid.

# Quality cable assemblies with the quickest turnaround service

At Cable Exchange, we understand your need for quality assemblies delivered fast. By maintaining standalone manufacturing and stocking facilities on both coasts, we can fulfill or create custom assemblies faster than any cable assembly company.

We stock more than 200,000 pre-made fiber jumpers and more than 250,000 copper patch cords. We also feature 51,000 square feet of production and warehouse space and have the capacity to terminate 12,000 single fiber connectors and 1,200 multi-fiber connectors a per day. We're up to any challenge you give us.

## CABLE EXCHANGE STOCKING FACILITIES

## Fast. Friendly. Convenient.

To make connecting with us easy, we offer extended phone hours to answer any question you may have.

With custom manufacturing and stocking facilities on both coasts, we can ship to most locations in the U.S. within 2-3 days ground.
