

March 24, 2020

Dear valued customer,

Panduit Corp. qualifies as an Essential Business under the Cybersecurity & Infrastructure Security Agency (“CISA”) 3.19.20 Guidance that has been issued by the US Department of Homeland Security. Specifically, Panduit provides data center physical infrastructure products in the Communications and Information Technology sectors. Panduit’s parts are purchased by customers who provide essential global, national, and local infrastructures for computing services, including cloud computing services, business infrastructure, web-based services, and critical manufacturing.

In addition to the Communications and Technology sectors, Panduit’s products are supplied to other essential critical businesses in the energy, transportation, and critical manufacturing sectors. For example, Panduit manufactures products needed for medical supply chains, transportation, energy, communications, emergency services, and defense industrial base. For the same reasons, Panduit is an Essential Business under the Illinois Executive Order 2020-10 which was issued by Illinois Governor JB Pritzker on March 20, 2020. Panduit is headquartered in Illinois and has several manufacturing and distribution facilities in the state.

Sincerely,

Philip G. Taylor  
Sr. Vice President – Customer Experience  
Panduit
