

# What is the Official Service Transcript™ (OST)?

**SERVICE EXPERIENCE:** The OST is an official record of a student's service experience and reflections logged in x2VOL.

**REFLECTIONS:** The OST includes a student's reflections on their service experience providing admissions officials the ability to learn more about a student than just their grades and test scores.

**COLLEGE ACCEPTANCE:** College admissions officials believe community service impacts the student and that service can be a tie-breaker in college acceptance.\* With the OST, they can gain insight on the student's experiences and skills learned outside of the classroom.

\*x2VOL & IESD Survey 2017

The Official Service Transcript™ is generated via x2VOL, the most widely used service hour tracking platform in K-12 and sent via Parchment, the leading digital credential service. The OST can be ordered for \$15 per transcript.
