UNIFIED COMMUNICATIONS, TEAM MESSAGING, FILE SYNC & SHARE

PanTerra Networks is a unified cloud service provider, delivering its family of secure, ultra-reliable, future-proof solution for SMB and Mid-market enterprises. PanTerra includes Streams, its business-class, HIPAA secure, ultra-reliable, futureproof unified cloud service that can be deployed world-wide.

Streams includes unified communications and team messaging infrastructure with a next-generation cloud-

based solution and **Smart-Box**, its HIPAA secure, enterprise cloud file storage, sync & share service.

With PanTerra's unified cloud service solution, enterprises gain the highest levels of security, scalability, reliability, availability, quality of service, service level agreement and support available, while significantly lowering their total cost of operations and IT administration complexities.

PanTerra

Mobility in the business world has become paramount for success. Employees need to be more accessible by their teams, customers, partners and prospects. Historically, being mobile and staying connected had always been a trade-off until now. PanTerra's award-winning desktop Streams application is now available on mobile devices.

Streams Mobile goes far beyond a simple mobile softphone by extending PanTerra's desktop Streams features to iOS and Android mobile devices. Streams Mobile delivers road warriors a suite of unified communications features over cellular (3g and 4g) data and Wi-Fi connections. Streams Mobile features include:

- UC interface for Android and iOS devices
- Crystal clear business calls
- Click to call from any contact - from any phone
- Extension dialing from any-

where

- Visual MobileCall for seamless live call movement
- Secure business-class instant messaging
- Real-time presence
- Visual voicemail with call back
- Contact sync
- Cloud call recording
- Secure 2-phase authentication

With Streams Mobile, you can seamlessly move from your office, to the road, to a remote location without dropping a call or miss a message.

With Streams Mobile, your communications also have the highest level of security and protection with 2-phase authentication and Multiple Active Device Manager (MADM). Each provides unmatched enterprise-level security and control, preventing unauthorized access to your

confidential communications.

The PanTerra Advantage.

PanTerra can save you over 75% on your current communications costs while providing all the benefits of cloud-based Unified Communications, including instant access to services, infinite scalability and growth, elimination of on-premises hardware and software obsolescence, consistent reliable infrastructure for multiple locations, remote users and mobile workforce, maximum flexibility and futureproof continuous feature upgrades. PanTerra brings your communications infrastructure into the 21st century!

Stay connected, anywhere, anytime, with Streams Mobile.
