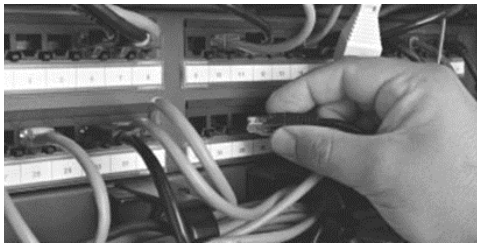
WWW.PANTERRANETWORKS.COM



PanTerra Networks now delivers SmartCPE, on-premises equipment used with PanTerra's unified cloud IT services. SmartCPE includes communications and networking equipment such as QoS routers, switches, desk and conference telephones. SmartCPE is part of PanTerra's IT cloud services solution.

SmartCPE provides a single vendor solution for both equipment and cloud services, ensuring the highest level of service and support. PanTerra will professionally design, install, maintain, administer and monitor all SmartCPE equipment and should a device fail, PanTerra will replace it.

SmartCPE equipment is optimized for PanTerra's cloud-based services, with the following features:

- Single vendor solution for equipment and services reduces vendor management
- Equipment monitored 24/7 by PanTerra
- Professionally configured and installed on-site
- Full management of all equipment including configuration adjustments or changes
- Secured and locked down
- No-hassle replacement policy

INDUSTRY STANDARD EQUIPMENT

Utilizing the best in class industry standard equipment, SmartCPE provides an end-to-end managed solution for enterprises. Any adjustments, reconfigurations, or replacement is handled 100% by PanTerra. SmartCPE equipment can be deployed in a Power Over Ethernet (POE) or non-POE environment.

QoS Routers and POE Enabled Switches

- Cisco and Edgemarc QoS routers
- Cisco POE and non-POE switches

SIP-based Phones

- Polycom POE and non-POE desk sets and conference phones
- Yealink POE and non-POE desk phones

WHY PANTERRA NETWORKS SMARTCPE

- No-hassle warranty and replacement policy
- Professionally installed on-site
- Communications router and switches configured, monitored, administered and maintained by PanTerra
- Industry standard equipment from Cisco, Edgemarc, Polycom and Yealink
