## UNIFIED COMMUNICATIONS, TEAM MESSAGING, FILE SYNC & SHARE

PanTerra Networks is a unified cloud service provider, delivering its family of secure, ultra-reliable, future-proof solution for SMB and Mid-market enterprises. PanTerra includes Streams, its business-class, HIPAA secure, ultra-reliable, futureproof unified cloud service that can be deployed world-wide.

**Streams** includes unified communications and team messaging infrastructure with a next-generation cloud-

based solution and **Smart-Box**, its HIPAA secure, enterprise cloud file storage, sync & share service.

With PanTerra's unified cloud service solution, enterprises gain the highest levels of security, scalability, reliability, availability, quality of service, service level agreement and support available, while significantly lowering their total cost of operations and IT administration complexities.

Technology companies and engineering teams regularly have the challenge of finding best of breed engineering skills for a focused discipline from multiple geographic areas. Engineering firms are quick to move and make decisions and require new ways to interact dynamically versus sitting in traditional meetings. Ramping staff up and down, reviewing projects, performing code reviews, revising plans and performing demos are common tasks in the daily lives of these highly interactive groups.

PanTerra delivers the best of all worlds for engineering teams and technology companies by unifying all communication tools including web collaboration and desktop sharing so development efforts can be quickly reviewed by anyone, from anywhere.

### Cost Conscious and Flexible

- Zero capital expenditures for site-agnostic communication

services

- Complete communication package and support from one service provider
- Ability to grow staff in the office, remote offices or remote locations
- Elimination of duplication and non-standard procedures and applications

### Unified Solutions without the Headaches

- Advanced applications integrated under the same platform
- Point-and-click email, calendar, voice, electronic fax, remote extension, desktop share and impromptu web meetings
- Quick answers you need with presence and instant message and mobile message
- Unlimited conference calling, video and calendaring to en-

sure schedules are met and everyone is notified

- SmartBox – file sharing that communicates

Technology companies thrive with PanTerra. All communications integrated together under a single cloud-based platform, lower total cost of ownership and elimination of the headaches associated with multiple vendors. Native support for unified communications, remote people and offices, webinars and instant message with mobile support and real-time presence turn your engineering and technology teams into highly productive and cohesive groups.
