

Sexual Assault and Sexual Violence Policy
2017

I. Policy Statement

A primary measure undertaken by the Government of Ontario, which seeks to combat sexual violence and harassment in campuses and workplace, is the implementation of the Sexual Violence and Action Plan Act 2016.

In accordance with the mandates of this Action Plan, Oxford College of Arts, Business and Technology, Inc. (hereafter referred to as Oxford College) has developed the following Sexual Assault and Sexual Violence Policy. This policy will ensure that all students and personnel at Oxford College are provided with the opportunity to make the most of their academic career, in an environment that is free from any form of violence and harassment.

As such, the Sexual Assault and Sexual Violence Policy implemented by Oxford College addresses the established protocols and procedures implemented for individuals who have been affected by any form of sexual assault, violence or harassment, in addition to noting the guidance and resources that Oxford College will provide all students, faculty and administration.

Through implementation of the tenets and procedures outlined in this policy, Oxford College seeks to demonstrate its support towards all individuals affected by such acts of violence or assault. In particular, the implementation of the tenets of these policies will ensure that students will have their right to a safe academic environment upheld, and will be provided with the necessary services if complaints are ever made in regards to incidences wherein such acts of sexual violence or assault have taken place.

While this policy is primarily aimed towards protecting the individual rights of Oxford College students, the scope of this policy extends to all personnel who are members of the Oxford College community.

II. Distribution of Sexual Assault and Sexual Violence Policy

- II. Students will be informed at the time of orientation that they are encouraged to provide anonymous input in regards to improving the policy.
- III. Input from students will be reviewed on a continual basis, and any necessary addendums which reflect the suggestions and/or concerns of the students will be implemented on a basis that is deemed to be necessary by the administration.
- IV. Open forums will be held in a given month at the end of each academic year, which will provide students with the opportunity to discuss any concerns, including those concerning sexual assault or sexual violence. In the case where students wish to remain anonymous, an email may be sent in advance to the host of the open forum, with instructions to mention or take into consideration the premise of the concern.
