

Welcome to WatServ

WatServ is an IT solutions provider that helps clients digitally transform their businesses through cloud technologies and services.

Clever Minds. Cloud Design. Always On.

WatServ is an IT solutions provider that helps clients digitally transform their business through cloud technologies and services. Founded in 2006, WatServ specializes in providing hybrid and multi-cloud solutions and hosting complex, high-availability environments for enterprise-level applications.

As one of the largest global providers of hosting and managed services for Microsoft Dynamics 365, AX, GP and NAV, WatServ has been providing end-to-end services for over a decade, enabling businesses to take their Dynamics applications to the cloud.

Cloud Consulting & Engineering Services
