

TechBridge and New England Clean Energy Council "Innovation Acceleration Partnership"  
Selected for US Department of Energy Ecosystem Award

**Cambridge, Massachusetts – September 15, 2010** - The Fraunhofer Center for Sustainable Energy Systems (CSE) today announced a \$1 million award from the U.S. Department of Energy (DOE) to fund a joint clean technology commercialization program. The Fraunhofer CSE TechBridge Program will lead an effort with the New England Clean Energy Council (NECEC), Massachusetts Clean Energy Center (MassCEC) and the Association of Cleantech Incubators of New England (ACTION).
