

Complimentary Webinar

What you need to know:
Transitioning from AIMSweb 1.0 to aimswebPlus

Description:

As we prepare for the retirement of the AIMSweb 1.0 Platform on July 31, 2019, we're often asked how aimswebPlus is different. Plan to attend this webinar to get your questions answered! During the session, we'll describe the primary differences and show you many of the exciting benefits of moving to aimswebPlus. We will provide an overview of the system in regards to benchmark screening, progress monitoring and goal setting. Other topics we plan to cover include a comparison of measures, data collection, and reports. Don't worry, we'll also leave ample time for any additional questions about making the switch! Webinars will be recorded and sent to all registrants, regardless of live attendance.

Agenda

1. Overview
2. Measures
3. Data Collection
4. Goal setting
5. Reports
6. Implementation and Training
7. Q&A

60 minutes total
