

More time and data to promote student success

aimsweb™Plus is a web-based formative assessment tool that enables you to quickly and accurately:

- Screen all K-8 students with brief, valid, reliable measures
- Identify those at risk of academic failure
- Enable early intervention
- Measure, monitor and document the impacts of intervention efforts

Bringing standards-aligned and curriculum based measures together

aimswebPlus uses a new battery of tests that provides composite scores, and includes both timed curriculum-based measures (CBMs) plus untimed standards-based measures.

- Accurately assess student skills
- Determine the effectiveness of instruction
- Monitor students' progress
- Manage student assessment data

With its robust combination of CBMs and standards-aligned measures, you can screen and monitor progress for all students in grades K-8. Online scoring is available for grades K-1 and complete online administration is available for grades 2-8.
