THANK YOU FOR ANOTHER GREAT YEAR!

Hard to believe it’s 2020 already.

As we enter our 36th year in the U.S., I’m humbled by your support. We would not be where we are if it weren’t for YOU. Your feedback has been so valuable in our mission to deliver dependable and affordable products so “everyone can shot.”

Thanks to your input, we’ve streamlined our TCM line to three models and now offer a conversion barrel on select Rock Island Armory 9mm pistols so you can easily fire the 22TCM® round with those firearms.

Also, our standing as the world’s largest manufacturer of quality 1911s is about to become even stronger as we’re close to announcing a boldly innovative 1911 coming your way that will revolutionize the category.

Last year we launched our RIA Imports line. This line has been so successful; it now requires its own catalog. Be sure to watch for that so you can stay up to date on your popular VR shotgun series along with some new revolvers.

THANKS AGAIN, EVERYONE. HAPPY SHOOTING!

LIKE A THRILL RIDE. ONLY BETTER.

With three models to choose from, the revamped TCM Series still delivers an amazingly fun shooting experience with its enormous muzzle flash and minimal recoil. All models fire our proprietary 22TCM round and are now available only with a high capacity 17-round magazine, which is compatible with all three TCM pistol models and two TCM rifle models.
