5.11 in.

CAPACITY
EIGHT
ROUNDS

GRIP
G10

The CCO combines an **Officer-grip Aluminum frame** with a **commander-length slide**. The shorter, compact officer-sized grip aids concealed carry and minimizes the chance of printing under a cover garment. This pistol is chambered in 45ACP with a **4.25" button rifled barrel** supported by a **full length guide rod**. Includes a **dovetail fiber optic front sight** and **LPA MPS1 type adjustable rear sight**. Also includes skeletonized hammer and trigger with **adjustable over travel stop** and **ambidextrous safety**, which comes standard in the Rock series. The Rock Ultra CCO is finished with a tough **Parkerized/Anodized coating** and adds a battler ready **G10 tactical grips**. True to all Rock Island 1911s. the Rock Ultra comes with a crisp factory **4- to 6- pound trigger** to give you a great experience right out of the box.
