ERIC GRAUFFEL

At age 30, Eric is the world champ of competitive speed shooting. His dedication to the sport has been with him since his first year of competition at the age of 10.

As a member of Team Armscor, Eric is a top tier shooter in championship matches throughout the world. Last year alone, Eric ranked #1 in over 9 World Class competitions including Armscor's own 12th Annual Bolo Cup.

A perfectionist, Eric uses Armscor ammo as his choice round for practices. He figures he's gone through over 3 million rounds since 1995.

JJ RACAZA

He's only one of the most accomplished shooters on the planet. The most recent feather in his cap is for leading Team USA to the Gold in the IPSC World Shoot and placing second overall.

JJ's career as a pro arguably began at the age of 6. By the time he was 13, JJ was already considered a rock star in the competitive shooting industry in his native Philippines.

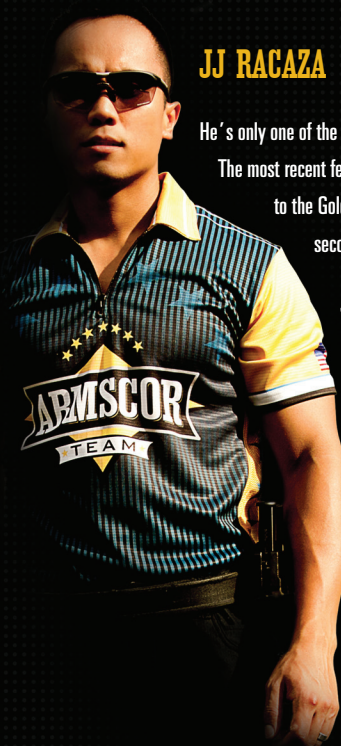

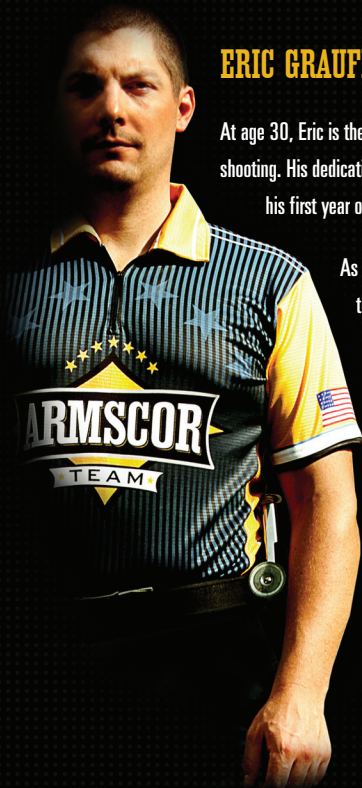

Armscor is proud to have JJ and his competitive spirit at the forefront of the Team.

JETHRO DIONISIO

Jethro "The Jet" is a six-time world champion pistol shooter. Before he turned 20, he already claimed his first national and international titles.

He's one of the most decorated world shooters and one of the only people to have won the World Shoot-Off Championship more than twice.

Jethro is an advocate of Armscor ammo and Rock Island firearms and continues to compete on a regular basis.
