T.O. Plastics extrudes 21 million pounds of reclaimed materials per year, which in return keeps waste out of the landfills.

Manufacturing high quality, made in the USA products with the least environmental impact, is what we do every day.

T.O. Plastics thermoforms a wide variety of horticultural containers.

Our manufacturing process begins with 100% recycled materials.

Our manufacturing process continues with zero waste.

Our packaging is designed to be as eco-friendly as possible.

T.O. Plastics horticultural products are 100% recyclable.
