YOUR PLASTICS PARTNER

AN  OTTERTAIL COMPANY

A PARTNER WITH YOUR PRIORITIES

High quality and protective packaging are required for medical devices, so you need a partner you can count on. We prioritize quality, safety, and on-time delivery so that we can provide top-of-the-line thermoforming you can trust. From design, through prototyping and production, we want to work *with* you, not just *for* you.

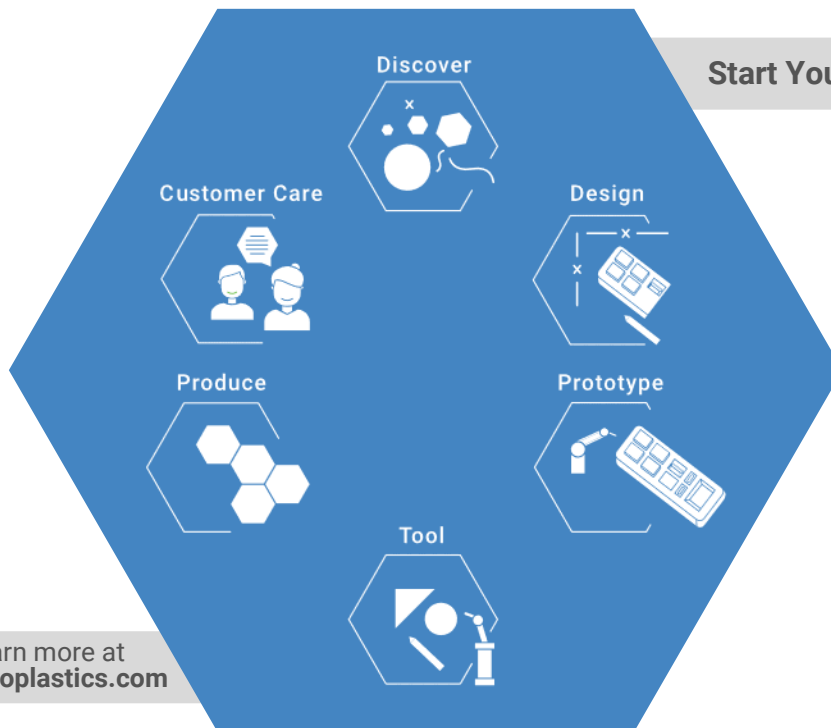

As your true plastics partner, we offer:

- Design & Engineering
- Prototyping
- Tool Building
- Partnership Program
- ISO Certified Processes
- Class 8 Cleanrooms
- Vertical Integration

CUSTOM THERMOFORMING TO FIT YOUR NEEDS

From concept through production, our experienced team follows a detailed process to design, develop, and manufacture your custom thermoformed packaging or products.
