SECURITY HOTLINE GLIP-TEAM SETUP

The purpose of this team is to provide a means for two way communication between SIS associates and the security team. Associates can submit questions relative to the security of their home environment or corporate connections, quickly report suspicious observations or security issues. This resource can also be used as a supplement to the ongoing email communications regarding security updates.

All associates have permission to join this team. Follow these steps to join:

❶ In the Glip search box type **SIS Security Chat**
❷ Select the **SIS Security Chat** Team
❸ When prompted, select **OK** to join the team.
