

# *Welcome to ISF Parent Network e.V.*

At ISF, we have a very active Parent Network (PN) to which all parents are welcome to join. The ISF Parent Network e.V. is a registered German Verein and operates on a voluntary basis, promoting social activities and services that support the ISF school community. Membership is free.

- ✦ The primary objective of PN is to encourage the cooperation among parents, students, faculty and administration staff by co-operating to enrich the lives of the students.
- ✦ It also promotes open communication between parents, the school, and to help newcomers settle into their new environment and to bring together parents of diverse cultures and languages.
- ✦ PN organises social activities and special events for parents and students.

The Parent Network activities are coordinated via a Board structure. It is made up of President, Vice President, Treasurer & Secretary along with a volunteer representative from each school grade, and an International Rep.

Help to new families in settling down at ISF is offered. Through our International Country Reps, a link to the many communities at ISF is offered so connections to families from your country can be made. Similarly, connecting with your child's class/grade families can be facilitated through PN Grade/Class reps.

PN's activities depend on support from parents. Would you enjoy helping at an event, baking, helping with parties or being a parent chaperon on a school field trip? There are many ways to help and you would be warmly welcomed.

Examples of PN activities and services:

## *Come and join us!*

# Application for ISF Parent Network membership

Father/Guardian name: .....

Mother/Guardian name:.....

Street: .....
