

# TOGETHER WE WILL ADAPT

## LETTER FROM CCG'S COFOUNDER BRIAN RIMES

Thank you for taking a moment from your busy day and I hope that you and your loved ones are safe and healthy.

My partners and I began the CCG journey in 2002, ironically amidst a crisis impacting our careers at Arthur Andersen. While that pales in comparison to the global economic and health crisis we are facing today, the values that brought us together are rooted in standing shoulder-to-shoulder with our community to succeed in tackling any challenge.

### Analyze. Decide. Act. Protect. Triumph.

Driven by a passion for engaging with our ecosystem of business leaders to collaborate quickly in finding answers (big or small), we are launching the CCG [ADAPT program](#). An evolving, interactive, multi-channel effort to connect you with experts, solutions, information, and each other.

In appreciation for your valuable time, I commit to curating an ongoing series of content, answers, and insights seeking to find the best ways we can help you, and you can help each other. This Includes:

- Several ongoing channels for your feedback and input
- Analytics solutions working for other organizations
- Various ways to connect you with peers and experts
- A regular series of curated insights
- First in a series of virtual forums bringing our experts, customers and thought leaders together with you in a “hands-on” setting helping you ADAPT in crisis

We all find ourselves with a significantly narrow set of priorities and I can only offer my personal time and support for you and your loved ones. But when it comes to helping people find solutions to protect their businesses and team members – CCG is proudly ready to assist.

One step at a time, let's [begin](#) moving forward together.

Wishing you safety and good health,

*Brian Rimes*
