

# Modern convenience pays

Yet healthcare providers leave (lots of) money on the table.

Schedule a demo

## The cost of paper billing

77%

of providers use paper-based billing methods<sup>1</sup>

Yet...

>50%

of patients prefer to receive bills electronically<sup>1</sup>

**\$5 - \$15**

the average cost per paper statement<sup>1</sup>

**3x**

Avg paper statements to collect full balance per patient<sup>1</sup>

**56%**

of patients delay paying their bills. Top reasons: confusion or inability to pay full amount<sup>2</sup>

## Convenience improves engagement and financials

For example, keep a patient's credit card on file to pay balances <\$200

**36%**

decrease in patient bad debt and write-offs<sup>1</sup>

**34%**

reduction in A/R days and cost to collect<sup>1</sup>

## Modernize with Cedar Pay

Cedar Pay delivers proven results by digitizing and personalizing the payment experience.

**36%**

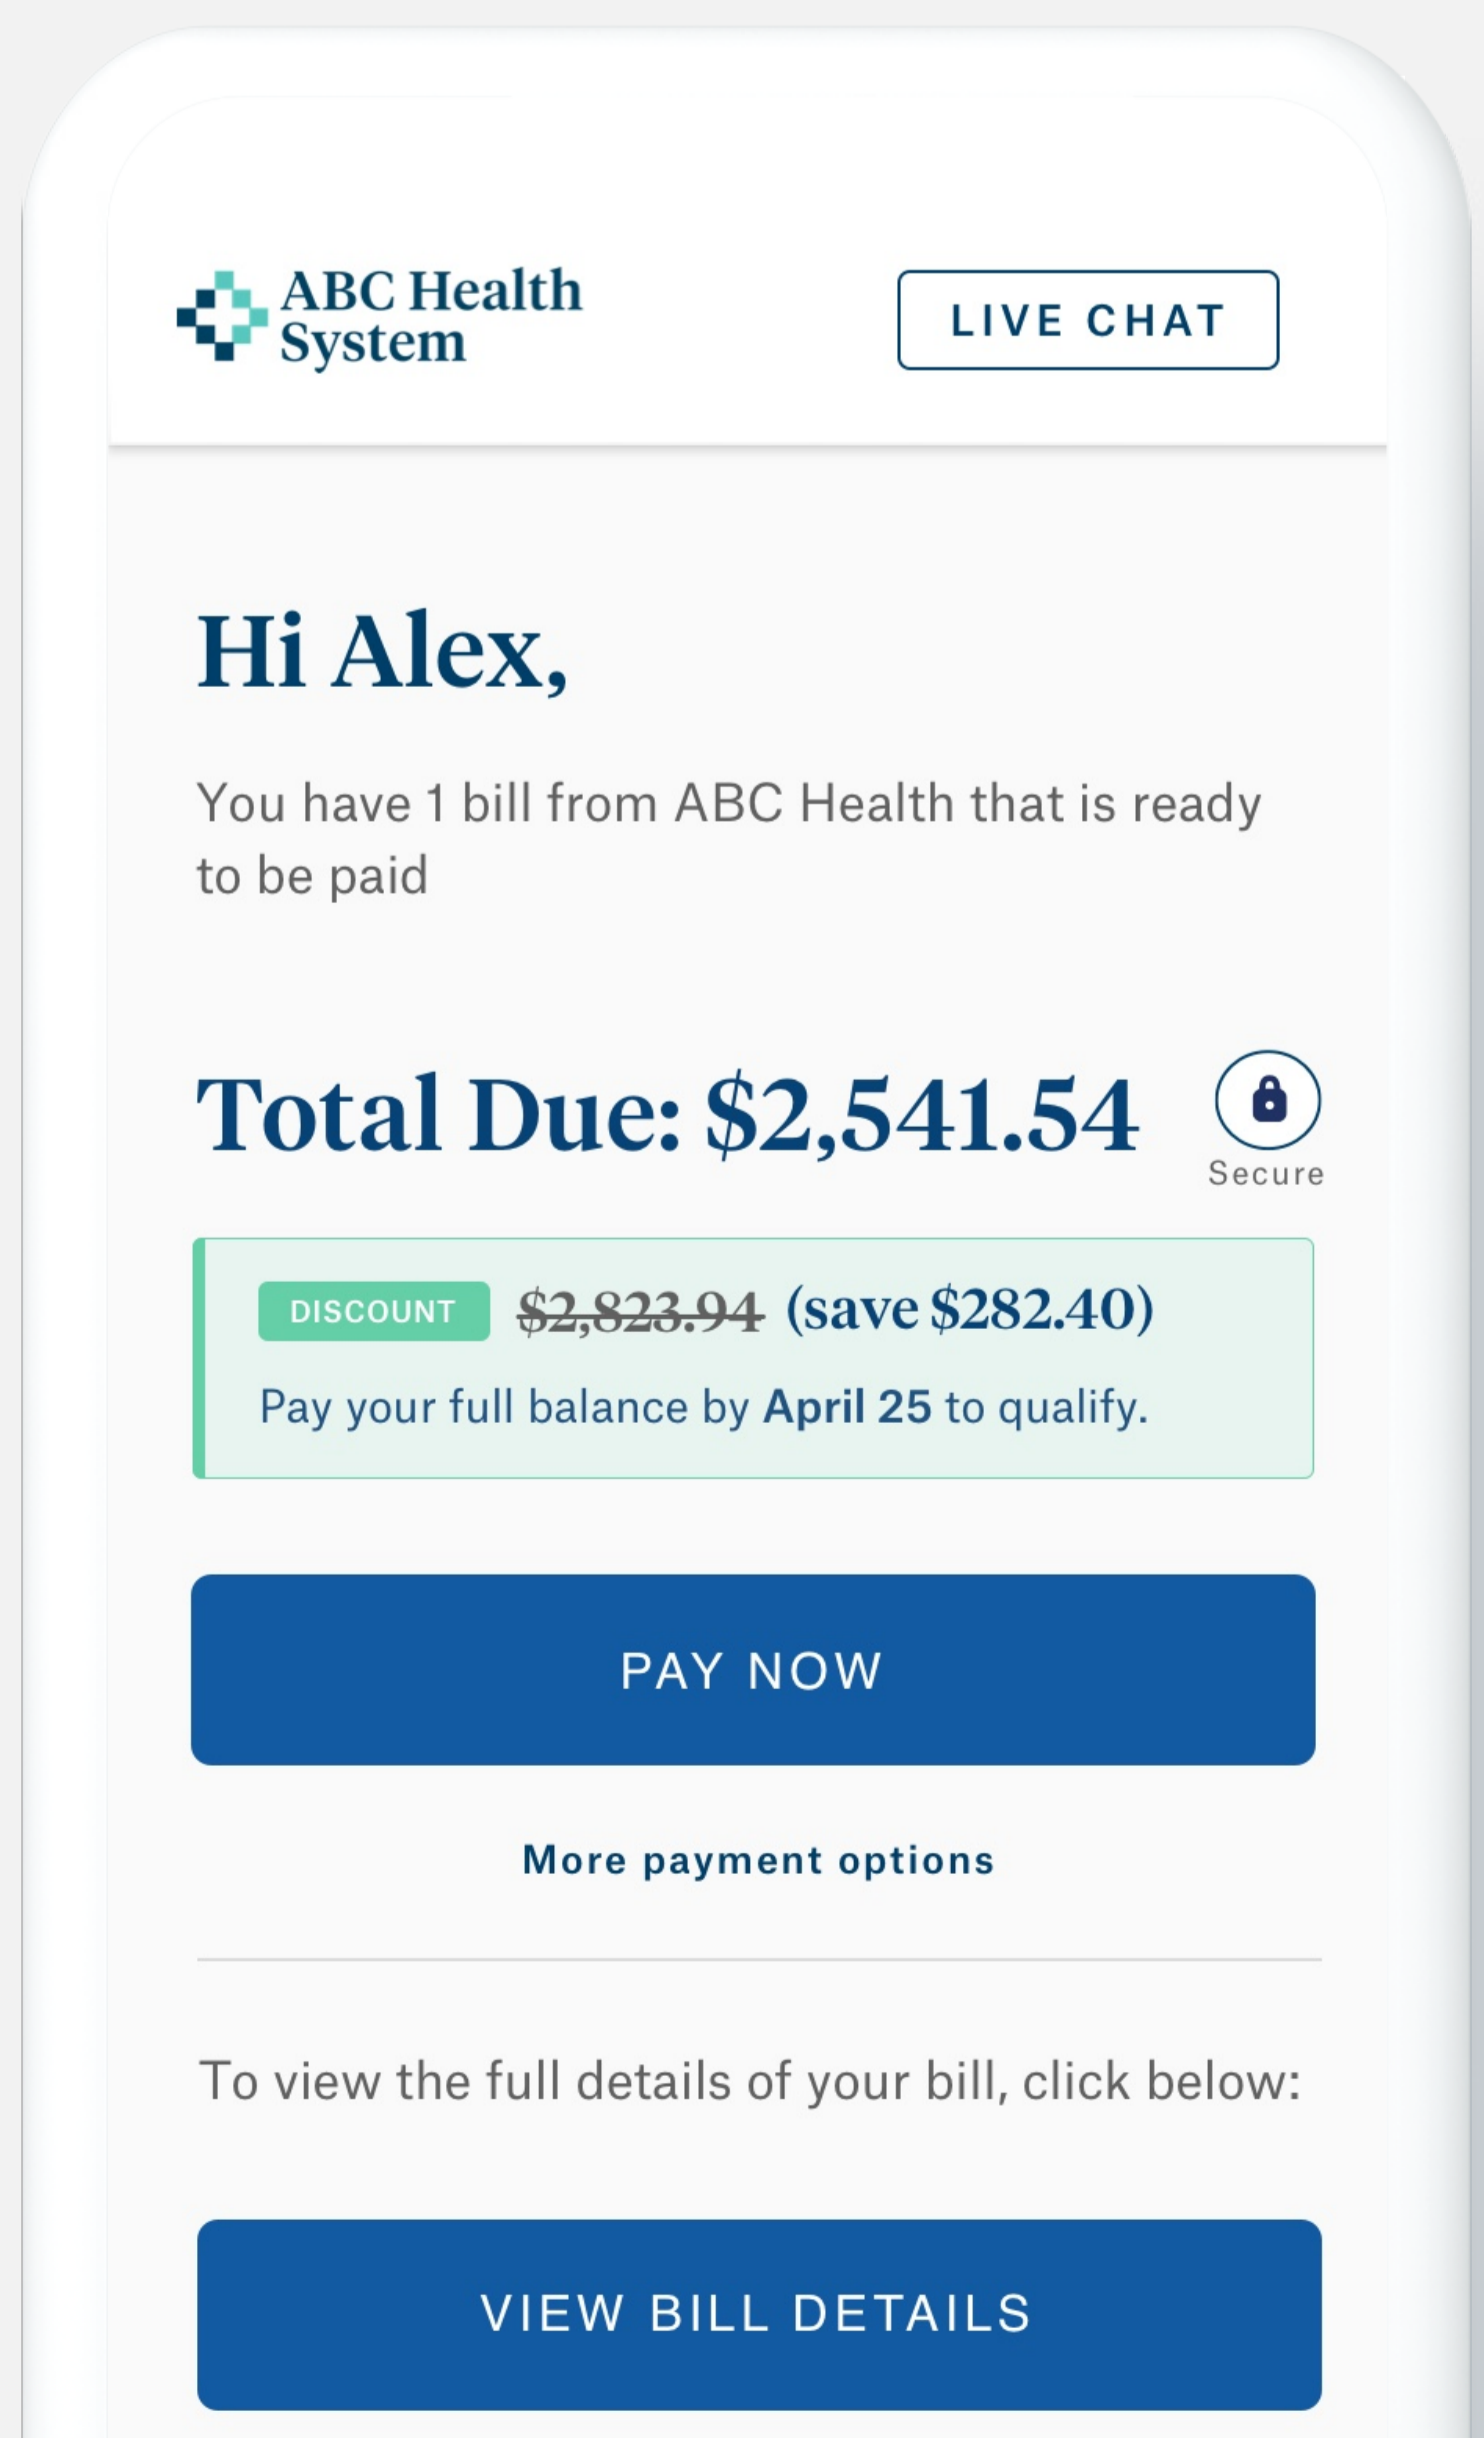

increase in patient collections<sup>3</sup>

**50%**

reduction in A/R days<sup>3</sup>

**95%**

patient satisfaction<sup>3</sup>
