

# GMA Wood Stringer Pallet (Premium Plus)

## Canada (48 x 40 inches)

### Overview

GMA wood stringer pallet (48 x 40 inches) for the Canadian market. Nominal 6" lead boards on top and bottom decks. Stringers have no block, companion board, or plate repairs. No less than 5 boards on bottom.

### Features and Benefits

#### Standard Design

- Double-face, non-reversible
- Suitable for automated production and warehousing facilities
- Reduces distribution and retail labor
- Partial 4-way entry allows access to forklift trucks from all four sides, pallet jacks from the 40" side and only low-profile pallet trucks from the 48" side
- Suitable for in-store display
- Retail-ready packaging

#### Consistent Availability

- Ensures no delay in production at times of seasonal or unexpected demand
- Small quantity orders
- Heat treated pallets available

#### Environmentally Sound

- Made from 100% reusable or recycled materials

### Specifications

#### Dimensions - in inches

Length	Width
48	40

#### Configuration

(7) top deck boards or equivalent coverage (maximum spacing 4")

Boards can be nominal 4" to 6" inches wide

Minimum board thickness of ½"

No less than (5) boards on bottom

(3) stringers

### Notes

#### Materials

**Wood:** Hardwood or Softwood species lumber

**Nails:** Either standard or stiff stock wire

#### Performance and Standards

A general purpose pallet that can be safely used for most applications in the manufacturing, distribution and transport supply chains

#### Truck Load Quantity

Up to 520 pallets
