

Enterprise Risk Management at Private Liberal Arts Colleges

RCM&D launched an enterprise risk management benchmarking survey for private liberal arts colleges in the mid-Atlantic region to identify the top risk concerns for this unique landscape. Participants were asked to consider 56 risk areas within 11 operational domains for their potential impact and likelihood. We developed the survey using a composite of industry experience, in-depth research, and external resources, such as the Association of Governing Boards of Universities and Colleges, the International Organization for Standardization 31000, and the Committee of Sponsoring Organizations of the Treadway Commission.

The Respondents

Chief Financial Officer

Risk Manager

Other Stakeholders

29 Private Liberal Arts Institutions

Enrollment under **4,000**

Mid-Atlantic Region:
PA, MD, VA, DC

The Top Risks

1 Tuition Dependency
Finance

2 Financial Goals
Finance
