

Protecting Homes Since 1957

The Original Stone-Coated Roof

As the pioneer of stone-coated metal roofing, DECRA products have withstood the test of time thanks to decades of innovation and an unwavering commitment to quality. Proudly manufactured in the U.S., DECRA roofs are crafted with meticulous attention to durability and longevity. If you're looking for the best, you're looking for a DECRA roof.

Lifetime Warranty

Unsurpassed in strength, durability, and longevity, only DECRA can offer the most comprehensive Lifetime Limited Warranty in the industry. Resistant to wind, hail, fire, freeze, and earthquake, DECRA metal roofs outperform other roofing materials in every category.

Sophisticated Style

Breathtaking designs are what you see at first glance, but underneath are layers of pure protection. DECRA comes in a wide range of tasteful styles, colors, and textures that suit the most discerning of tastes -- each backed by the unmatched strength of DECRA steel.

Unsurpassed Strength Against the Elements

You Know When it's a DECRA

With a long-standing reputation for performance and longevity, DECRA Roofing Systems offer classic beauty, elegance and architectural detail. Designed to withstand 120 mph winds.

All DECRA Metal Roofing products have:

- ▶ A warranty rating for winds up to 120 mph, and we lab test at twice that velocity to provide a 100% safety margin for homeowners.
- ▶ A proprietary interlocking system to ensure that once installed, the stone-coated steel panels remain firmly in place.
- ▶ The best in class weight-to-strength ratio and are the only roofing material that increases the shear strength of the roof.
- ▶ The highest UL 2218 Class 4 impact resistance rating.
