

NGT directs government to formulate mechanism for dismantling old vehicles

PRESS TRUST OF INDIA
New Delhi, July 24

NOTING THAT THE number of end of life vehicles will be over 21 million by 2025, the NGT has directed the government to formulate a standard operating procedure (SOP) for setting up authorised recycling centres to scrap them scientifically.

A Bench headed by NGT Chairperson Justice Adarsh Kumar Goel said the scrapping of vehicles in a scientific manner needs to be taken up on organised basis as the current capacity is hardly adequate.

Approximately 9 million vehicles, of which 75% are two-wheelers, will be due for scrapping by next year, the National Green Tribunal said.

By the end of 2025, the number of vehicles which are 15 years or older is likely to reach over 21 million and there is "urgent need to evolve an appropriate mechanism to set up authorised recycling centres compliant with the environmental norms and prohibit unorganised, unscientific and unauthorised scrapping activity", it said.

"SOP needs to be drawn up for the purpose as has been done for the authorised handlers of Hazardous waste. The MoEF (ministry of environment and forests) may look into this aspect in consultation with concerned stakeholders and furnish a report before the next date by e-mail," the Bench said in a recent order.

It directed Delhi Pollution Control Committee (DPPCC) and other authorities concerned to take action against illegal dismantling units.

It also took note of a compliance report by DPPCC which said that coordinated drive was initiated towards the end of March 2019 to remove illegal dismantling units on pub-

lic roads and vacant spaces.

"Efforts were made to clear the roads and vacant spaces of the encroachments done by the dismantler. The area was surveyed, action for closure levy and collection of environmental compensation, launching of prosecution and monitoring have been initiated. Long term measures have been planned for infrastructure development and use of treated water for watering of parks," the report said.

The NGT had earlier directed the AAP government to furnish a performance guarantee of Rs 5 crore within a month for failing to act against illegal scrap units in Mayapuri here.

It had also directed an oversight committee headed by former high court judge Justice Pratibha Rani to monitor the working of a seven-member Special Task Force which was formed to take action against the units involved in dismantling of heavy vehicles.

The NGT had taken note of an English newspaper report about the scrap business in

10 unions call for nationwide protest on Aug 2 against labour Bills

TEN CENTRAL TRADE unions on Wednesday gave a call for holding nation-wide protests on August 2 against the government's move to introduce two labour codes in Parliament, claiming that their objections to the draft laws were ignored totally.

The central trade unions in a joint statement also demanded the withdrawal of the two codes from the Lok Sabha.

"Central Trade Unions-INTUC,AITUC, HRS, CITU, AIUTUC,TUCC,SEWA,AICCTU, LPF, UTUC and Independent Federations/Associations - take strong objection and condemn bulldozing of codification of labour laws and other laws in spite of strong objections from the trade union movement," a joint statement issued by the 10 Central Trade Unions said.

The unions condemn anti-worker moves of the government and call upon the workers, their unions and federations, irrespective of affiliations, to observe August 2, 2019, with countrywide united protest and raise the demand to withdraw the proposed anti-worker legislations, ignoring all norms of international labour standards, the statement said.

The central trade unions also called upon the Members of Parliament to oppose the ruling party's move. They said that the government have made known their intention to codify various labour laws through an unconstitutional method of making it a part of the budget speech on July 5, 2019, ignoring the state jurisdiction of the concurrent list in the Constitution. —PTI
