ABOUT THE LUNCHEON

The Tech Impact Awards Luncheon is the Greater Philadelphia region's premiere technology-focused philanthropic event. It brings together a peerless audience of technology and business executives who are committed to sustaining and improving the lives of individuals in our community.

Last year, the Luncheon raised over \$180,000 in sponsorships to help over 90 at-risk young adults and veterans begin careers through Tech Impact's ITWorks and CXWorks workforce development programs. This year, these programs will serve over 130 individuals. The Luncheon also helps to sustain the technology services, support, and training we provide to hundreds of nonprofits nationwide.

Please join Tech Impact's esteemed [Advisory Board](#) in celebrating the great work Tech Impact is doing in our community.

PROFILE OF ATTENDEES

Over 400 technology leaders will be in attendance, providing access to one of the largest and most diverse audiences of corporate executives and leaders in the region.

The Luncheon is hosted by Tech Impact's Advisory Board which includes senior technology executives from some of the region's largest and most respected corporations. Sponsorship levels start at \$2,500, and include a designated number of tickets to the exclusive pre-event networking reception with Tech Impact's Advisory Board.

Sponsorship provides your company with an opportunity for generous exposure to a select audience, all in support of a wonderful cause.
