

Did You Know?

Dental Implants Did you know?

Pittman Dental Lab is a full service Certified Dental Laboratory founded in 1974. We specialize in digital implant restorative dentistry including FDA compliant milled titanium custom patient-specific abutments and bars. We routinely fabricate immediate load implant support dentures and chair-side conversions performed by Certified Dental Technicians dual certified as Registered Dental Assistants. We work with all digital systems & intra oral scanners. All our field Territory Managers are certified digital impression specialists.

Pittman Connect Did you know?

Download convenient online prescriptions through our Pittman Connect. This service allows you to fill out your scripts and track your cases! Visit <http://www.pittmandental.com/doctors-portal>

Quality Control Did you know?

For over 40 years, Pittman Dental Laboratory has been providing quality products and services to dental care providers. These products and services have been built around a premiere quality control system including the physical layout of the labs. Pittman has included a diverse team of experts with decades of experience in the dental design and manufacturing field, as a pivotal part of this quality control system. These experts step in when complex cases require added scrutiny and evaluation. The eight steps highlight the path your case will follow when you entrust it to Pittman Dental Laboratory. Download the Quality Control sheet at <http://www.pittmandental.com/publications>

Continuing Education Did you know?

We conduct Continuing Education seminars throughout the country, Bootcamps and Master Classes, that are available to your study group or dental society. A list of upcoming events is listed on our website at <http://www.pittmandental.com/events>

Lunch & Learn

Lunch and learn sessions are available for your office with your local representative! We will train or bring in experts that can train your staff and answer any of your questions. Let us treat you to lunch while you learn and grow your practice with us!

Pickup and Delivery Did you know?

We run a convenient 4 day a week pickup and delivery service (Monday-Thursday) in select areas at no additional charge to you. To see service locations in your area, visit our website at <https://www.pittmandental.com/pickup-delivery-request>. You can also send your case to us via FEDEX on our website.
