

# Denture Restoration Options

Your patients deserve the best, and that is why Pittman Dental Laboratory offers multiple options for different levels of finish when it comes to removable full dentures. Having these options allow you and your patient to choose the right denture for their needs.

## Proline®

Each of our PROLINE dentures are hand crafted by expert technician with years of experience creating beautiful removable prosthetics. The dentures come with an extended 2 year warranty, and the top quality Phoneres II teeth from Ivoclar. We use a natural, custom set-up method gathered from decades of training along with beautiful custom gingival tinting.

Product Features:  
Extended 2yr Warranty  
Ivocap Processing  
Ivoclar Phoneres II Teeth  
PROLINE Custom Set-Up
