

BYRON BAY TEA CO

Retail Ordering Options

The standard retail package that we would recommend for your store is the BOX. The cardboard used to make the box is from a responsible forestry source and contains a resealable bag inside so that it has little impact on the planet. The TINS could be an option for the more "gifty" times of the year like at Christmas.

For a retail store, we recommend the following tea types in loose leaf as a standard offering-:

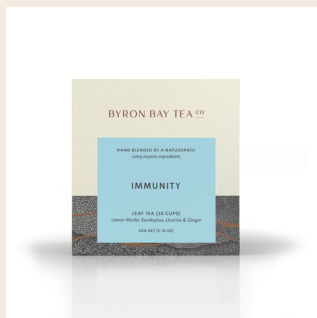

Energy

Calming

Digest

Immunity

Detox

Ginger Zing

Glow

Tummy Tone

Dandylicious

Chai

Spice Dream

Fortify
