Job Description Form

Job Title: Seasonal Mosquito Control Technician

Position Type: part-time/full-time

Job Summary: Our Mosquito Control Technicians are seasonal employees on the front line in the fight against West Nile virus, Zika virus, and other mosquito-borne illnesses and are critical to the success of our integrated mosquito control programs. If you enjoy working outdoors and you have an interest in entomology, field biology, and/or public health this is a great job and an excellent way to gain valuable field experience. These positions have proven to be a wonderful fit for college students, teachers, school bus drivers, retirees, high school graduates, and anyone dedicated to improving their community through full time outdoor work from May through September (depending on the area of the country).

General Requirements:

- 30 – 40 hours per week
- Must be 18 years or older and have a valid driver's license with a clean driving record.
- Reading maps/aerial photos, prior field biology experience, knowledge of aquatic ecology, and outdoor work experience is helpful but not necessary.

You will learn all about mosquitoes, their life cycle, their biology, and most importantly, how to reduce their populations safely and effectively. You will learn where mosquitoes breed and spend your days outside looking for larval mosquito habitats and treating it with environmentally safe products that target mosquitoes in their aquatic larval life stage. You will work with residents in our area to resolve their individual mosquito problems and be part of making everyone's quality of life better.

Physical Demands and Work Environment:

The work requires strenuous physical exertion and the employee may be required to drive, stand, walk, bend, climb, kneel and crouch for extended periods of time, as well as see, talk, hear and use hands and arms to grasp, handle, reach and feel. The employee must be capable of lifting and using heavy items such as chemical containers and application equipment weighing up to 75 pounds. Work is regularly performed outdoors and may include exposure to extreme weather conditions, challenging and uneven/unstable terrain, pesticides, dust and airborne particulates, excessive noise, biting insects, hazardous plants, and wild and domestic animals.

I acknowledge that I have read this job description form thoroughly and agree to perform the duties outlined herein to the best of my abilities at all times:
