

Targeting pests with surgical precision

Patient health depends on a clean, pest-free environment, so does your facility's reputation. Pestpro safeguards both with specialised procedures and protocols designed specifically for hospitals, clinics, nursing homes and assisted living facilities.

Protect your patients and your reputation

Pests are a serious threat to a healthcare environment. One pest sighting can degrade your reputation and compromise the health and safety of your patients. We can help you eliminate hospital bed bugs, cockroaches and anything else that's pestering your healthcare facility. Our highly-trained and qualified technicians can effectively and efficiently deal with any pest problems for commercial clients. Pestpro show pests who's boss and back up our work with a 110% guarantee

Our services control the following pests:

-  Cockroaches
-  Rodents
-  Bed Bugs
-  Flies
-  Termites
-  Spiders
-  Mosquitoes
-  Ants
-  Birds
-  Wildlife

A healthy dose of pest control

We'll quickly identify and treat your pest problems. We work fast and deliver customised, comprehensive pest control to treat every area of your healthcare facility, including operating and patient rooms, kitchens, dining halls and more.
