

## **Security Today Announces 2017 Platinum and Gold Winners of The Govies Government Security Awards at ISC West**

Las Vegas, Nev., April 5, 2017 - *Security Today* magazine, the only integrated product and technology magazine reaching the entire security market and securitytoday.com, the preeminent editorial website for the security industry, announced the 2017 Platinum and Gold winners in The Govies Government Security Awards competition today. The awards honor outstanding government security products in a variety of categories. ISC West is being held April 5-7 at Sands Expo Center in Las Vegas, Nevada.

1105 Media launched its government security awards program in 2009. In 2011, this successful program became known as The Govies. The tradition of honoring outstanding government security products continues this year with the program taking on the name of 1105 Media's newly relaunched *Security Today* magazine (formerly *Security Products*). Participation in the program has been especially strong this year as government security continues to be an ongoing concern.

Last month, an independent panel of judges from the security industry selected the top entries in the 2017 categories and named them winners using criteria including Features, Innovation, User Friendliness, Interoperability, Quality, Design, Market Opportunity, and Impact in the Security Industry, Technical Advances, and Scalability. “It’s exciting to have the opportunity to honor so many outstanding government security products,” said Ralph C. Jensen, editor in chief of *Security Today* magazine and securitytoday.com. “Government security is more important than ever, and ISC West is an ideal venue for companies to show off their products to the industry.”

President and group publisher of the Infrastructure Solutions Group of 1105 Media, Kevin O’Grady, echoed those comments: “I am thrilled with the great participation we had in The Govies program this year and look forward to seeing many of the winning products on the show floor.”

In addition to being honored at ISC West, the winners will be featured on securitytoday.com and highlighted in a future issue of *Security Today* magazine. The magazine is distributed to more than 65,000\* subscribers monthly as well as at numerous trade events, including ISC West.
