# 2020 EDUCATION REIMAGINED GALA

## Expanding Our Horizons

APRIL 18, 2020  
NEWPORT BEACH COUNTRY CLUB

October 2019

Dear Friend of The Prentice School,

Re: **Education Reimagined Annual Gala Auction**

On April 18, 2020, we will host our Education Reimagined gala, our largest single fundraiser for the year, held at the Newport Beach Country Club. With more than 250 guests in attendance, we celebrate more than 30 years of success. We hope you will join us in our efforts to provide the best education possible for children with language-based learning differences by **donating an item to our auction**. Please join our Prentice Community and benefit from our culture of collaboration and mutual support.

**Learning and attention issues affect one out of every five students**, resulting in twenty percent of students struggling to learn in the traditional classroom. Children who learn differently are known to be innovative thinkers who make outstanding contributions to our communities. Nevertheless, many fall short of their full potential because the traditional classroom structure limits opportunities for these students to learn and later be successful in higher education or the workforce. Often misunderstood for not being capable of more, many children who learn differently grow up convinced that they are not very smart. We see how struggling children shut down and stop trying when they are not given an education to meet their specific needs.

The Prentice School, an independent, nonprofit school, has expanded our students' horizons for over 33 years by providing the tools for Kindergarten through 8th grade students who learn differently to achieve their goals. At Prentice, our students quickly discover they are smart and just need to be taught differently. We see tremendous growth and change! Our students become so self-assured that they raise their hands high, participate in school and look toward the future with confidence.

**Will you join us to celebrate the talents of our students by making a donation to our silent auction?** Let's work together to impact the lives of students who learn differently and help them to be successful in school and life!

Warmest regards,

**Devon Green**  
Head of School

Individually, we are one drop;  
Together, we are an ocean.  
Ryunosuke Satoro
