The Enterprise Operating System empowers organizations and their staffs to work more efficiently and enable operational successes. The **TeamedUp 2020** suite, presented by EOX Vantage, provides a robust solution, especially for startups, smaller companies or any organization without an **all-in-one platform** for the following functions:

- One-on-one chat
- Private channels
- Public channels
- File sharing
- Custom emojis
- Webhooks
- Slash commands
- Multi-language support
- Zoom integration

- Input contact info
- Add multiple contacts
- Log meetings and notes
- Keep track of leads
- Personalize engagement
- Track email correspondence
- 360-degree view

- Web-based email
- Direct access
- Add multiple accounts
- Real-time updates
- Visible, trackable action items
- Automation creates instant CRM update

- Company-wide visibility
- Eye-catching images and headlines
- Post multiple announcements (events, company news, birthdays, social media posts, etc.)
