Print and Mailing Industry

Business Management : Production

Thinking of Joining us?

From our Managing Director...

“At Pepper we have great opportunities for School/College Leavers & Graduates and a first class track record of developing our team. Whether you are interested in production or business management the print industry is the 5th largest business sector in the UK, so a great place to start a career.

Join us at Team Pepper as an Apprentice and you become part of a growing family business in Plymouth with excellent prospects...”

Jude Whitford

Managing Director

Pepper is a family run print & mailing business, based in Plymouth for over 35 years and now run by four brothers.

From our Apprentices

“You feel valued at Pepper: in my first proper job I’ve matured as a person and been able to grow in skills and knowledge in print production. **There is opportunity to go for other roles in the business, so you don’t stand still!**”

Billy
Print Operator

“**I enjoy working at Pepper – it feels like one team!** I like the variety I have in my job, moving between machines, learning new skills... quality is important to me, and I like being able to work hard to help the Company.”

Joanne
Mailing Operator

“I get the freedom to work independently, Pepper welcome personal creativity... **and offer the support that comes from working with expert colleagues in the sector...**”

‘I’m interested in business and working with multiple sectors, **I get insight into how different business work... there is plenty of variety working at Pepper...** seeing a client progress from an initial call all the way through to working regularly with them and developing that relationship from scratch. It’s really rewarding”

Daniel
Business Development

How it works...

As you've seen we have a track record of developing our team with some great opportunities. Our Apprenticeship Programme offers you a chance to see all areas of the business and to specialise in your chosen area of **production** or **business** in your first year.

You will have off the job training through the British Print Industry Federation and on the job mentoring with experts in their field. Each Apprentice will also have a family Director guiding the progress of your apprenticeship.

After the first year we'll talk with you about what you have most enjoyed and what the business needs, to shape your second year.

Production Apprentice	Business Apprentice

What we are looking for...

In 2018 we are taking on an apprentice in Production and an apprentice in Business. If you are:

- Ready to learn and to gain specialist understanding in your chosen area;
- Keen to get started in the real world of work;
- Enthusiasm;
- Able to work with others;
- Committed to putting in the effort

We offer a great working environment, excellent pay rates and progression opportunities together with pension contribution, medical insurance, life insurance, cycle to work scheme and childcare vouchers.

How to Apply!

If you believe that you have what it takes, we'd love to hear from you!

To apply please email your CV to: jobs@pepper.co.uk

To find out more please visit our website...

pepper.co.uk

We are considering applications until the end of September 2018

Successful applicants will be invited for a full plant tour where you will discover more about Team Pepper the print & mail industry. Those applicants that are still interested after the tour, will be invited back for an interview where a final decision will be made to complete the process.
