

Pepper's Activity Guide

Is it Summer? It sure feels like it!

What amazing weather for half term! If there were normal circumstances, I'm sure a lot of us would have ventured further and taken mini coastal breaks or maybe even gone abroad. Here at Pepper, we're luckily to be in the South West and close to lovely beaches. Wherever you are, we hope you've had a great week with your family and taken the time to relax and count your blessings before we return to a more fast-paced, sort of normal soon.

It's back to home-schooling next week, and we have some more tips for you. As well as, of course, our weekly favourites. Enjoy the sunshine!

Zoe Walker leaves her quiet life behind to investigate her brother's disappearance in Ibiza, where she quickly heads down a decadent and dangerous path.

White Lines is the latest creation of Álex Pina, the man behind *Money Heist*. Another one to start binge watching after a day in the sun.

Colour, Harmony, Perception & Serenity

I Love Hue is a gentle journey into colour and perception. Arrange mosaics of coloured tiles into perfectly ordered spectrums. Lovingly made for players who enjoy beautifully crafted puzzle games - or anyone who needs a few moments of visual tranquility. And if you fall in love with it, there's an *I Love Hue Too*.

Feeling like summer time:

Twitter's answers to Home-schooling

Psychotherapist Philippa Perry gives tips on how to home-school effectively during the lockdown.

She recommends letting your children teach you first:

"Get them to teach you something, anything. You then will model how to learn and listen, also teaching something to someone else helps them to learn it. This is great for all ages."

- @Philippa_Perry

Origami Frog

Ages 5+ (Adult supervision recommended)

Origami is the ancient and beautiful art of folding paper into shapes, like animals and objects.

Did you know, the word *Origami* comes from the Japanese words *oru* (to fold) and *kami* (paper).

Instructions: Using a square piece of paper, carefully follow the guide below to create this frog.
