Project	Karl's Erlebnis-Dorf, Rövershagen and Zirkow
Product	ProPlay® for Playgrounds
Application	Playgrounds
Completion	2017

ProPlay® for Playgrounds is applied on the roof of the world's largest strawberry basket in Rövershagen. The kids can climb upon it and play on the roof. To ensure their safety, ProPlay® fall protection is applied under the artificial grass. The first rolli carousel for disabled children and a tub slide was built in the strawberry village in Zirkow, both with ProPlay® fall protection under the artificial grass.
