

WAREHOUSE EDI TRANSACTION SET ASC X12

883 - MARKET DEVELOPMENT FUND ALLOCATION

Manufacturers use this transaction set to inform brokers or retailers/wholesalers how to allocate funds in a market development program.

884 - MARKET DEVELOPMENT FUND SETTLEMENT

Communicates settlement information about a single market development fund event.

886 - CUSTOMER CALL REPORTING

Enables a broker or manufacturer to communicate information pertinent to a retail store, such as store and product condition, allocation of shelf space, marketing programs in effect, and so on.

891 - DEDUCTION RESEARCH REPORT

Sellers use this transaction set to request information about a deduction from an invoice. Seller's agent or buyers use it to provide details required to resolve deduction amounts.

940 - WAREHOUSE SHIPPING ORDER

Depositors use this to request that a warehouse make a shipment, confirm a shipment, or modify or cancel a previously transmitted shipping order.

943 - WAREHOUSE STOCK TRANSFER SHIPMENT ADVICE

Depositors or their agents use this to notify the recipient that a transfer shipment has been made, or to specify a receiving location and detail information about product being shipped.

944 - WAREHOUSE STOCK TRANSFER RECEIPT ADVICE

Used by a receiving location to inform a depositor that a transfer shipment has been received. This transaction set can also be used to give the depositor detail information about product that has been received.

945 - WAREHOUSE SHIPPING ADVICE

Used by the warehouse to advise the depositor that shipment was made, or to reconcile order quantities with shipment quantities.

947 - WAREHOUSE INVENTORY ADJUSTMENT ADVICE

Used to inform a warehouse/depositor of a quantity or status change to inventory records, or to provide detail information regarding the internal adjustments that occur between a warehouse and a depositor.

990 - RESPONSE TO A LOAD TENDER

Provides general information relative to a specific shipment, or as a response to a Motor Carrier Load Tender Transaction Set (204) that was used as a load tender.
