

Front Row Updates Online Event Insurance Program to Include Lowered Rates for Places of Faith

Vancouver, Canada – October 8, 2019 – Front Row Insurance Brokers Inc. is excited to announce that its online event liability insurance program is now available to the Faith & the Common Good network and National Trust for Canada members (together, *Regeneration Works: Places of Faith*) and their third party user groups.

The online event liability insurance policy is available in all provinces and territories in Canada.

Available online in less than 5 minutes with no need to talk to a broker; policies start at \$25 and certificates proving coverage for the venue are free. A no-obligation quote is available any time of the day or night in less than 3 minutes here:

Up to \$5,000,000 in liability insurance is available. Costs arising from injury to guests and staff are insured. The protection in the policy will also cover lawyer costs.

“We wanted to make the insurance process easier, faster and less expensive for people who utilize short term space in faith buildings,” says David Hamilton, President of Front Row. “Given that there is no need to speak to a broker and an insurance company underwriter is not involved, the cost to process online event insurance is much less and we have passed the savings onto the customer of the short term rental. Although the policy is online, we are still available to answer questions by chatbot, email or over the phone.”

“If you’re an administrator of a spiritual venue of any kind, chances are you’ve been asked to share your venue for special events such as: weddings, birthday parties, meetings, yoga classes or workshops,” continues Hamilton. “We recognized that the many beautiful places of faith need to be protected, so we created special rates in our online event insurance program specifically for them.”

Available to buy online at <https://www.frontrowinsurance.com/regeneration-works-event-insurance>, Front Row’s event insurance policy also protects: anniversary parties, bar & bat mitzvahs, book signings, fashion shows, lectures, film screenings, holiday parties and more.

“Having worked with faith communities across Canada, it has become clear to our two organizations that quick, reliable access to insurance for third party users is a barrier to the sharing of faith buildings,” says Kendra Fry, advisor to the *Regeneration Works: Places of Faith* program. “We wish to encourage the broader use of these buildings, so we’ve worked alongside Front Row to devise an online portal to be used by any user of faith buildings. With this tool at their disposal, faith communities should be able to open their space to more good community works.”
