## How to Choose a Great Contractor

### EXPERIENCE

Three generations of our family have been servicing NJ home and business owners since 1928. We provide the finest repair, maintenance and installation services for families like yours.

We service over 25,000 happy customers. Just ask us for references! Bornstein Sons installs only the *finest* equipment available from the finest manufacturers.

### EXPERTISE

With a Better Business Bureau rating of A+ we take business seriously. Our personnel are all veteran technicians, not a bunch of beginners just out of school. They not only know their trades, but they also know how to satisfy our customers in our company culture...and, we're not happy until you're happy!

### SUPERVISION

We use no subcontractors or salesmen on your installation. All of our installers are part of the Bornstein extended family. Some companies are strictly sales organizations, subcontracting your installation to whoever is available.

### SERVICE

You may require repair or adjustment at some time in the future, usually when you require effective operation the most.

We provide a level of service, second to none, unavailable from mega-contractors, 'big box' stores or utility companies.

After our installation warranty expires, we offer annual maintenance and service contracts to insure that your system is always operating at its maximum efficiency and ready to provide comfort.

### ACCESSIBILITY

We're always available when you need us! Our office is staffed early each morning. Dependable, reliable and honest...that's Bornstein Sons!

After hours, our professional answering service is constantly in touch with us to assure *rapid response* to your needs. Compare that to the competition's "I'll call you back" answering machine.

*And, you'll always get a response from our office staff as well.*

On the run? You can schedule a service call or an estimate directly through our website.

We know you're busier than ever today...we'll try to accommodate your service needs in any way we possibly can.

Smart phone? Tablet? Access code to your home? We'll call when our tech is available. Just give us a way to reach you and we'll make sure your service problems are resolved.

### CERTIFICATION

Bornstein Sons is a fully licensed and insured contracting organization. We carry the following NJ Licenses: Master Plumber# 6130, Master Electrician# 9019, Master HVACR# 19HC00129100, HIC# 13VH02942800.

All required permits are signed and sealed by us; not by people you have not met and would never select.

### QUALITY AND SAFETY

Your home, your family, your health. We will only install and service what's in your best interest. If we wouldn't put it in our home, we won't put it in yours.

### VALUE

Bornstein Sons provides the highest value to our customers...The best equipment installed by the finest technicians, *at a price that's right* means a job with the most value for you!

No worries or concerns, we give you the peace of mind you're looking for.

And, we care! Your home or place of business deserves the quality, respect and special care you'll be sure to find from us.

### GREEN INSTALLATIONS

Ask us about new, high efficiency systems that can save you money, use less energy and reduce the size of your carbon footprint.
